To the Honorable County Executive
and the County Legislature of the County of Rockland, New York:

The Comprehensive Annual Financial Report ("CAFR") for the County of Rockland, New York for the fiscal year ended December 31, 2018 is submitted herewith. New York State requires the County to submit an annual report of our financial records and transactions presented in conformity with generally accepted accounting principles ("GAAP") and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. This CAFR is issued pursuant to that requirement.

This report consists of management's representations concerning the finances of the County of Rockland. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, the management of the County has established a comprehensive internal control framework that is designed to both protect the County's assets from loss, theft, or misuse and to compile sufficient, reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will

be free from material misstatement. Management asserts that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Marks Paneth LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the basic financial statements of the County for the fiscal year ended December 31, 2018, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the County of Rockland's basic financial statements for the fiscal year ended December 31, 2018, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report. The financial section also includes a narrative introduction, overview and analysis of the December 31, 2018 financial statements to accompany the basic financial statements in the form of Management's Discussion and Analysis ("MD&A").

This letter of transmittal was designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditor.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of Federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to not only report on the fair presentation of the basic financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of Federal awards. These reports are available in the County's separately issued Single Audit Report.

PROFILE OF THE COUNTY

The County was organized in 1798 and has a land area of 176 square miles. The County is approximately 33 miles northwest of Manhattan and is bordered by Orange County to the north

and west, Bergen County, New Jersey to the south and the Hudson River to the east. Within the County are 5 towns and 19 incorporated villages.

The County is one of the suburban counties located within the New York Metropolitan Area and is primarily residential in character. Southern portions of the County are in close proximity to the New York State Thruway and are well developed and heavily populated. Approximately 83% of the County's population resides in this area. Northern sections of the County are more rural due in part to the extensive system of parks located in this part of the County.

PROFILE OF GOVERNMENT

Pursuant to the provisions of Local Law 14 of 1984, the County adopted a charter form of government in accordance with the provisions of the Municipal Home Rule Law of the State. The charter provides for separate and independent executive and legislative functions. A County Executive was elected in November 1985 and took office on January 31, 1986, when the provisions of Local Law 14 became effective. The County Executive is elected from the County at large for a term of four years with the right of unlimited self-succession. The County Executive must reside in the County for a minimum of five years before his/her election and may not concurrently hold another public office. The County Executive is the chief executive officer responsible for the administration of all County affairs and also acts as the County's Budget Officer. The County Executive is required to consider all acts of the County Legislature for approval or disapproval.

The County Legislature is the legislative, appropriating and policy determining body of the County. It consists of 17 members elected from single member districts located within the County. Members are elected to serve an unlimited number of four-year terms and each legislator has one vote instead of a weighted vote. Duties of the Legislature include; review and adoption of the County's annual budget, approval of budgetary modifications during the year and authorization by resolution for the issuance of debt by the County.

The Chief Fiscal Officer of the County is the Commissioner of Finance who is appointed by the County Executive and confirmed by the County Legislature. The Commissioner of Finance is responsible for the administration of the financial affairs of the County. Duties of this position include; collecting and disbursing County funds, investing such funds for temporary periods, issuing debt, maintaining accounting records and preparing financial statements therefrom.

The County provides a full range of services to its residents, including education, public safety, health, transportation, economic opportunity and development, culture and recreation, home and community services and general administrative support. This report includes all of the funds of the County. It includes all County organizations and activities for which the County is financially accountable. The County has considered all potential component units based on criteria set forth in GASB Statement No. 14, including legal standing, fiscal dependency and financial accountability. Based on these criteria, the Rockland Community College, the Industrial Development Agency, the Soil and Water Conservation District and the Solid Waste Management Authority are considered component units and are included in the County's reporting entity as discrete presentations.

The County also maintains budgetary controls to ensure compliance with legal provisions embodied in the annual budget approved by the County Legislature. The administrative head of each department, on or before August 1, is required to submit to the County Executive the expenditure requirements for the ensuing fiscal year. The County Executive is required to file the tentative budget for the ensuing year with the Clerk of the Legislature on or before October 1. Subsequent to October 1, the Legislature conducts the necessary review of the tentative budget and proposes any changes thereto. The Legislature holds a public hearing on the budget prior to November 20, and after the public hearing, the Legislature may make changes to the budget. The budget is adopted no later than December 7. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established within individual funds at the function level.

FACTORS AFFECTING FINANCIAL CONDITION

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local Economy

A major part of the County's labor force, over 50%, is employed in service-related industries. According to preliminary 3rd quarter 2018 data compiled by the State Labor Department, only 5.9% of the workforce is employed by companies engaged in manufacturing. Many residents

commute to jobs in New York City or Westchester County, which is connected to the County by the Gov. Mario M. Cuomo Bridge and U.S. Interstate 287/87. Approximately 13% of the County's labor force is classified as government related, a significant part of this group of employees works at the various State hospitals and institutions located in the County. Major non-governmental employers in the County include Pfizer Corporation, Orange and Rockland Utilities, Good Samaritan Hospital and Nyack Hospital.

Wealth levels for the County's residents are significantly above State and national averages. According to the Bureau of Economic Analysis, the estimated per capita personal income of County residents in 2017 was \$58,133. State and U.S. income averages reported on this basis were \$64,550 and \$51,640 respectively. According to the U.S. Census Bureau, the median household income for households in the County for 2017 was \$88,726, which was significantly greater than the median household income of \$64,894 for the State.

Hospital services are provided by Good Samaritan Hospital, Helen Hayes Hospital and Nyack Hospital which offer residents of the County a wide range of inpatient and outpatient services.

A network consisting of all the major forms of transportation serves the County. Several primary State and U.S. Highways including the New York State Thruway, Palisades Interstate Parkway, Garden State Parkway and U.S. Routes 9W and 17 run through the County. The Metro-North Commuter Railroad division of the New York Metropolitan Transportation Authority, in cooperation with New Jersey Transit, provides rail service to Manhattan via the PATH rapid transit. Freight service is provided by Conrail. NY Waterways, NY Water Taxi, Transport of Rockland, Coach USA and Monsey Trails provide bus and ferry passenger service to New York City and other points in and outside of the County. Air transportation is provided by the three New York Metropolitan Airports (Kennedy, LaGuardia and Newark), as well as Westchester County Airport and Stewart International Airport in Newburgh, New York.

Primary education is the responsibility of the nine independent public school districts located within the County. There are numerous colleges, universities and vocational schools located throughout the County as well. Rockland Community College offers two-year associate degree and one-year certificate programs. Dominican College, St. Thomas Aquinas College and Empire State College/SUNY are four-year liberal arts colleges. Iona College - Rockland Campus and Long Island University - Rockland Campus offer graduate programs.

The County has a wide array of recreational and cultural facilities highlighted by the Palisades Interstate Park System, the County Park System and the Community College. Over one-third of the Palisades Interstate Park System's 80,000 acres lie within the County and the parklands account for approximately 30% of the County's area. The Bear Mountain-Harriman State Park on the Hudson River, in the County's northeast corner, has 26,118 of its 51,026 acres in the County. Facilities include fishing, hiking, camping, swimming, picnicking, museum, playfield, winter sports and row boating. The County has 27 parks/open space, all of which have natural scenic areas, some affording panoramic views of the County. There are also over 20 private commercial swimming pools and lakes, and twelve golf courses, eight of which are open to the public. All of the towns and many of the villages have separate park facilities. In addition, there are numerous libraries, museums and marinas in the County.

In 2018, the County of Rockland generated an increase in total sales tax revenues of 5.1% from the previous year, bringing in \$208.6 million in general sales tax and \$10.4 million in residential energy sales tax. The main reason for this increase is due in part to a strengthening economy. The County's housing market remained stable in 2018, with mortgage tax revenues remaining constant from the previous year, bringing in \$5.2 million.

LONG TERM FINANCIAL PLANNING

Rockland County has a six-year plan for capital improvements and this plan is updated each year in the form of a Capital Program. As required by Article IV of the County Charter, the administration is required to submit an updated Capital Program to the legislature by October 1st of each year, and the Legislature is required to approve the plan on or before December 20th of each year. The Six-Year Capital Program is prepared by the Planning Department. The first year of the Six-Year Capital Program is represented by the Capital Budget. Projects are listed by function and include County Center, Fire Training Center, Public Transportation, Parks, Highway, Hospital, Planning, Drainage & Rockland Community College projects. The Capital Budget is prepared by the Department of Budget & Management and is separate from the Six-Year Capital Program.

The County's ongoing and future projects include the following:

- Continuation of Rockland County Highway Department's revolving road repaving, equipment replacement, and bridge/culvert repair and maintenance programs.
- Continue construction of new highway garage facility.
- Complete extension of the Sewer District's boundaries to include Hillburn, Sloatsburg and Western Ramapo. Additionally, the proposed new plant will provide advanced treatment to enhance the water supply in the Ramapo River basin, which is the sole source aquifer for the County's needs.
- Continue reconstruction of Forshay Road, from Viola Road to Willow Tree Road.
- Continuation of a West Shore Railroad Safety and Quiet Zone Project to be funded with an 80% Federal Grant.
- Improvements at Rockland Community College including campus-wide electrical upgrades, upgrades to the utility plant and fieldhouse\PE building upgrade.
- Continue phase II of relocation of County departments project.
- Continue construction of new Police Academy facility
- Continue renovation of Medical Examiners Office.
- Continue improvements to Haverstraw Bay Park.
- Continue improvements and restoration of the Cropsey Community Farm Barn.

OPERATIONAL PROCEDURES AND PRACTICES

Closure of Hospital Facility

The County Legislature has determined to end its financial support of the Hospital Facility. The initial plan to accomplish this goal was implemented on April 16, 2013 when the County Legislature passed Resolution #192-2013, which authorized the formation and organization of a local development corporation to be known as the Rockland County Health Facilities Corporation (the "Corporation") and the execution of lease and leaseback agreements between the County and the Corporation (the "Lease Agreements") providing for transfer to the Corporation of all of the County's right, title and interest in and to the County-owned 321 bed residential health care facility known as Summit Park Nursing Care Center (the "Skilled Nursing Facility"), constituting a portion of the Hospital Facility, by ninety-nine year lease, with option to take fee title, subject to the retained rights of the County to continue to operate such facility until such time as the Corporation terminates such reserved rights. The Corporation is governed by seven voting

directors, four of whom were appointed by the County Executive and three of whom were appointed by the County Legislature.

On August 6, 2013, the Board of Directors of the Corporation held their organizational meeting and approved the transfer of the Skilled Nursing Facility from the County to the Corporation through execution of the Lease Agreements and preparation and circulation of a Request for Proposals ("RFP") for private acquisition and operation of the Skilled Nursing Facility. The RFP was circulated, and four proposals were received. The Lease Agreements were finalized and executed as of November 1, 2013. By resolution adopted on December 30, 2013, the County Legislature authorized the transfer to the Corporation of the County's remaining interest in Building A at the County's office campus in Pomona, New York ("Building A") which houses the Skilled Nursing Facility and the County-owned, 100-bed long term acute care hospital ("LTACH"). Such transfer was made by ninety-nine year lease, with option to take fee title, subject to the retained rights of the County to continue to operate its remaining interest in Building A including the Skilled Nursing Facility and the LTACH, until such time as the Corporation terminates such reserved rights. At a meeting held March 14, 2014, the Board of Directors of the Corporation accepted such transfer and authorized execution of amendments to the Lease Agreements to include such remaining interest in Building A. The amendments to the Lease Agreements were finalized and executed on March 18, 2014.

The Corporation engaged in the procurement of a private purchaser and operator for the Skilled Nursing Facility and the LTACH, and in July 2014 approved a purchase and sale agreement by and among the Corporation, Summit Park Acquisition Group LLC and its related entities (collectively, "SPAG") as the purchaser of Building A, and operator of the Skilled Nursing Facility and the LTACH. The State Department of Health, by letter dated August 7, 2015 approved the Certificate of Need applications of the SPAG operating entity, subject to enumerated conditions, to operate the LTACH and the Skilled Nursing Facility. The purchase and sale agreement ("PSA") between the Corporation and SPAG provided for a Closing Date of December 31, 2014, subject to monthly extensions up to September 30, 2015 upon payment by SPAG to the Corporation of \$100,000 extension fees for each month. Pursuant to the PSA, SPAG has paid to the Corporation \$3,000,000 as a good faith deposit on the purchase price (of which \$150,000 is non-refundable) as well as nine monthly extension fees totaling \$900,000. The Corporation's payments, net of the non-refundable portion of the good faith deposit and totaling \$3,750,000 plus accrued interest, are being held in an escrow account in accordance with the terms of the PSA.

On September 29, 2015, SPAG notified the Corporation that it was exercising its right to terminate the PSA, and on September 30, 2015 the Corporation sent a Notice of Termination to SPAG stating that SPAG was in default under the PSA because it had intentionally failed to appear to close the sale transaction by September 30, 2015 in accordance with the terms of the PSA. Such Notice of Termination also stated that SPAG had an extension termination right which provided that such Notice of Termination became effective on October 31, 2015.

As a consequence of SPAG's September 29, 2015 delivery of its notice of termination of the PSA by the parties, on September 30, 2015, the County Executive announced a contingency plan to cease operations and close the Skilled Nursing Facility and LTACH facilities by the end of 2015. Such closure plan was approved by the State Department of Health and was implemented by the County. On November 3, 2015, the Corporation's final Notice of Termination was delivered to SPAG.

The County is in receipt of a Summons and Complaint from Shalom Braunstein, individually and as principal of the Plaintiff's Sympaticare LLC, Sympaticare Health LLC and SPAG filed in New York Supreme Court, Rockland County, Index No. 30759/2016. The suit is brought against the County, as operator and owner of the property and operation, and the Corporation, as the property possessor and the party who contracted with Plaintiffs for the transaction.

The claim arises from a dispute over the rights to keep or return the good faith deposit related to the now terminated sale of the Skilled Nursing Facility and LTACH. The claimants are the principal of the intended purchaser and related companies. The claim, sounding in contract, is for the return of approximately \$3.9 million in good faith deposit funds and approximately \$122,000 of miscellaneous contract damages and damages for other, unspecified claims that bring the total claims to \$5.87 million. The County has answered the suit and brought a counterclaim in the amount of approximately \$16 million. The County alleges that the Plaintiffs breached the contract in such a manner that the County is entitled to the \$3.9 million down payment and that the Plaintiffs misrepresented their ability to close the transaction, as they knew or should have known they would not be able to obtain the financing or the licenses and other State authorizations required to operate the facilities by the contractual date of closing, thus causing the County to expend about \$12 million in operating costs it could have avoided.

With respect to closing the facility, approximately \$5.7 million in compensated balances, such as sick time, holiday and vacation time for County employees whose positions will be abolished in

connection with the closure plan, were funded in the 2015 fiscal year. The County's 2016 Adopted Budget provides funding in the amount of approximately \$14 million for additional costs related to the closure plan for the Skilled Nursing Facility and the LTACH facilities including unemployment insurance, healthcare and other costs allocated to the Hospital Enterprise fund.

In 2018, any legacy costs incurred by the closure of the Hospital are now being appropriated in the County's General Fund.

AWARDS AND ACKNOWLEDGEMENTS

GFOA - Certificates of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association ("GFOA") of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Rockland, New York for its CAFR for the year ended December 31, 2017. The Certificate of Achievement is a prestigious national award-recognizing conformance with the highest standards for preparation of state and local government reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

GFOA also bestowed a Distinguished Budget Presentation Award to the County of Rockland for the 2006 through 2009 Budgets. In order to achieve this prestigious award, a budget document must meet program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

Acknowledgements

I would like to thank all of the personnel in the Budget and Finance departments who have assisted in the preparation of this report, as well as our independent auditor who assisted in its preparation. Appreciation is also offered to the County Executive and the members of the County Legislature for their interest and support in the financial operation of the County.

Respectfully Submitted,

INDEPENDENT AUDITORS' REPORT

The Members of the County Legislature of
The County of Rockland, New York

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Rockland, New York (the "County"), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

We did not audit the financial statements of certain component units of the County as disclosed in Note 2A, which represent approximately 1%, 14% and 1%, respectively, of the assets, net position and revenues of the government-wide financial statements and 100% of the assets, net position and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for such component units, is based solely on the reports of the other auditors.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2H, the County has adopted the provisions of Governmental Accounting Standards Board Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the schedules included under required supplementary information (unaudited) in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit for the year ended December 31, 2018 was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2018 and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole for the year ended December 31, 2018.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the County as of and for the year ended December 31, 2017 (not presented herein), and have issued our report thereon dated June 29, 2018 which contained unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information. The combining and individual fund financial statements and schedules for the year ended December 31, 2017 are presented for the purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 financial statements. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the 2017 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended December 31, 2017.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2018 and, accordingly, we do not express an opinion or provide any assurance on them.

COUNTY OF ROCKLAND, NEW YORK
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018

Introduction

The County of Rockland's (the "County") management team offers the readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

Financial Highlights

Key financial highlights for 2018 are as follows:

- The General Fund reported an ending balance of cash and cash equivalents of \$75,484,443, which represents an increase of \$36,789,048 from fiscal year 2017. This increase is the net result of the cash flows from operating activities; in effect, the net change in fund balance and changes in assets and liabilities. With the addition of: excess revenues over expenditures of \$19,548,673, and a decrease in prepaid expenditures of \$6,379,565, an increase in accrued liabilities in the amount of \$22,133,856 due to the payment of the New York State and Local Retirement System bill due on February 1, 2019.
- For 2018, the County's governmental funds reported combined ending fund balances of \$199,762,269, an increase of \$61,723,818 in comparison with the 2017 balance of \$138,038,451. The governmental funds increase is comprised of increases in the Capital Projects Fund of \$32,083,723, increases in the General Fund of \$19,548,673 and increases in the Non-major Governmental Funds of \$10,091,422.
- The General Fund's unrestricted fund balance (as defined by the NYS Office of the State Comptroller as the "total of assigned and unassigned fund balance classifications" as set forth by GASB Statement No. 54) was \$38,556,081 or 8.01% of the total General Fund expenditures for 2018.
- The liabilities and deferred inflows of resources of the primary government of the County exceeded assets and deferred outflows of resources at the close of the fiscal year by (\$577,751,873) (*net position deficit*), an increase of \$387,330,580 in comparison to (\$190,421,293) in 2017. An unrestricted net deficit of (\$993,719,686) exists, an increase of \$418,844,038 in comparison to (\$574,875,648) in 2017.
- The total net position of the County's Governmental Activities decreased by \$385,244,621 to (\$494,398,012) at December 31, 2018 from (\$109,153,391) at December 31, 2017.
- The County's total outstanding bonds payable at December 31, 2018 were \$508,098,000 an increase of \$12,185,121 from the prior year.

Overview of the Financial Statements

The County's financial statements are composed of this Management's Discussion and Analysis ("MD&A") and the basic financial statements. This discussion and analysis serves as an introduction to the basic financial statements. The MD&A provides analysis and overview of the County's financial activities. The basic financial statements include three components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements.

COUNTY OF ROCKLAND, NEW YORK
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018

This report also includes other supplementary information as listed in the table of contents, along with the statistical tables.

Government-wide Financial Statements

The government-wide financial statements are presented in a manner similar to private sector business financial statements. The statements are prepared using the economic resources measurement focus and the accrual basis of accounting. The government-wide financial statements include two statements: statement of net position and statement of activities. Fiduciary activities, whose resources are not available to finance County programs, are excluded from these statements.

The statement of net position presents information on all the County's assets and liabilities and deferred inflows/outflows of resources (when applicable), with the difference reported as net position. Over time, increases or decreases in the net position may serve as a useful indicator as to whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. For example, uncollected taxes, other postemployment benefit obligations ("OPEB"), and net pension liabilities.

Both financial statements have separate sections for the two different types of activities. These two types of activities are:

Governmental Activities - The activities reflected in this section are general government support, education, public safety, health, transportation, economic opportunity and development, culture and recreation, home and community services and interest. These activities are mostly supported by taxes, charges for services, and operating grants and contributions.

Business-type Activities - These activities consist of the Rockland Tobacco Asset Securitization Corporation, the Rockland Second Tobacco Asset Securitization Corporation and the Rockland County Health Facilities Corporation. These activities are intended to recover all, or in part, a portion of their costs through user fees and charges.

COUNTY OF ROCKLAND, NEW YORK
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018

The government-wide financial statements include the County itself (the primary government) and the Rockland County Community College, the Rockland County Soil and Water Conservation District, the Rockland County Solid Waste Management Authority and the Rockland County Industrial Development Agency, for which the County is financially accountable. Financial information for these component units are reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found immediately following this discussion and analysis.

Fund Financial Statements

A fund is an accounting entity with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balance, net position, revenues, and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The County divides its funds into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds - Most of the basic services provided by the County are financed and accounted for through governmental funds. Governmental fund financial statements focus on current inflows and outflows of spendable resources as well as the spendable balances of these resources at the end of the fiscal year. This information is useful in determining the County's financing requirements for the subsequent fiscal period.

Governmental funds use the flow of current financial resources measurement focus and the modified accrual basis of accounting. The focus of governmental funds is for the current period; therefore it is useful to compare this information to the data presented in the government-wide financial statements. From this comparison, readers may better understand the long-term impact of the County's current financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County has eight individual governmental funds: General, County Road, Road Machinery, Community Development, Sewer District, Special Purpose, Debt Service and Capital Projects funds. Of these, the General and Capital Projects funds are reported as major funds, and are presented in separate columns on the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances. Data for the other six governmental funds are combined into a single, aggregated column of these statements. Individual fund data for these non-major funds can be found on the statements elsewhere in this report.

The County adopts an annual appropriated budget for its General Fund, certain Special Revenue Funds and the Debt Service Fund. A budgetary comparison statement has been provided for these funds to demonstrate compliance with the respective budgets. The governmental fund financial statements can be found in the basic financial statements section of this report.

Proprietary Funds - These funds are used to show activities that operate similar to private business enterprises. Because these funds charge fees for services provided, they are known as Proprietary funds. Proprietary fund financial statements use the economic resources measurement focus and the accrual basis of accounting, similar to the government-wide financial statements. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Proprietary fund financial statements provide information for the Enterprise funds. In addition, the Internal Service funds are presented in the Proprietary fund financial statements. The Proprietary fund financial statements can be found in the basic financial statements section of this report.

COUNTY OF ROCKLAND, NEW YORK
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018

Fiduciary Funds - These funds are used to account for resources held for the benefit of parties outside of the County. The Fiduciary funds are not reflected in the government-wide financial statements because the assets of these funds are not available to support the activities of the County. The Fiduciary fund financial statements can be found in the basic financial statements section of this report.

Component Units - As discussed above, component units are legally separate entities for which the County is financially accountable. The component units enumerated above are reported in the aggregate in the government-wide financial statements. The combining statements can be found in the basic financial statements section of this report.

Notes to Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found following the basic financial statements section of this report.

Other Information

Additional statements and schedules can be found immediately following the notes to the financial statements. These include the combining statements for the non-major governmental funds and proprietary funds, schedules of budget to actual comparisons, and the statistical tables.

Government-wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of the County, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$494,398,012 for as of December 31, 2018.

The following table reflects the condensed statement of net position:

COUNTY OF ROCKLAND, NEW YORK
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018

The largest component of the County's net position is net investment in capital assets of \$380,927,720 which reflects its investment in capital assets, less any related debt used to acquire those assets that are still outstanding. Capital assets include: parkland, buildings, roads, bridges, sewer lines and treatment facilities, a hospital and the community college among other things. The County uses these capital assets to provide services to its citizens and consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the County's 2018 net position of \$35,040,093 represents resources that are subject to external restrictions on how they may be used. The restrictions are as follows:

Capital Projects	\$ 3,468,611
Law Enforcement	2,957,361
Section 8	163,295
Debt Service	18,410,852
Special Revenue Funds	<u>10,039,974</u>
	<u>\$ 35,040,093</u>

The County's governmental activities had a net increase of \$8,618,762 in restricted net position compared to the prior year. The special revenue funds, which consists of Community Development, Sewer and Trusts, remained consistent with the prior year. The amounts restricted for debt service saw an increase of \$7,352,439 primarily due to a decrease of appropriation of reserves for bond payments.

The remaining net position, unrestricted net position, is a negative \$993,719,686, with a deficit of \$910,365,825 reported in governmental activities and a \$83,353,861 deficit reported for business-type activities. This deficit does not mean the County does not have the resources available to meet its obligations in the ensuing year. Rather, it is partly the result of having long-term commitments, including claims payable (\$27,578,904) and compensated absences (\$20,200,117) and OPEB obligations of (\$748,063,655) that are greater than currently available resources.

The County's change in total net position for governmental activities for 2018 was \$59,149,940, an increase of \$45,503,628 from 2017. The decrease in program expenses in the amount of \$22,753,512, offset by the increase in program and general revenues in the amount of \$22,770,106 in comparison to 2017, were the primary reasons for the overall increase.

Effective January 1, 2018, the County implemented the provisions of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* ("GASB 75"). As a result of the adoption of GASB 75, beginning net position for governmental activities was decreased by \$444,394,561.

The total decrease in net position for governmental activities, including the effect of the adoption of GASB 75, was \$385,244,621 for 2018.

Tax revenues of \$375 million, comprised of real property taxes, sales and mortgage tax items and non-property taxes, increased by \$10.6 million from 2017 and represents the largest revenue source (63%). The 2018 budgeted property taxes increased by 1.3%, non-property taxes yielded \$227 million, an increase of \$9.4 million from 2017.

Collection of the current tax levy remains strong at 96.20%, while averaging 95.74% over the last five years.

**COUNTY OF ROCKLAND, NEW YORK
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018**

Business-type Activities – Business-type activities decreased the County's net position by \$2.1 million for the year ended December 31, 2018. The reasons are discussed in the next section of this report.

Financial Analysis of the Government's Funds

As previously noted, the County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds – The focus of the County's governmental funds schedules is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

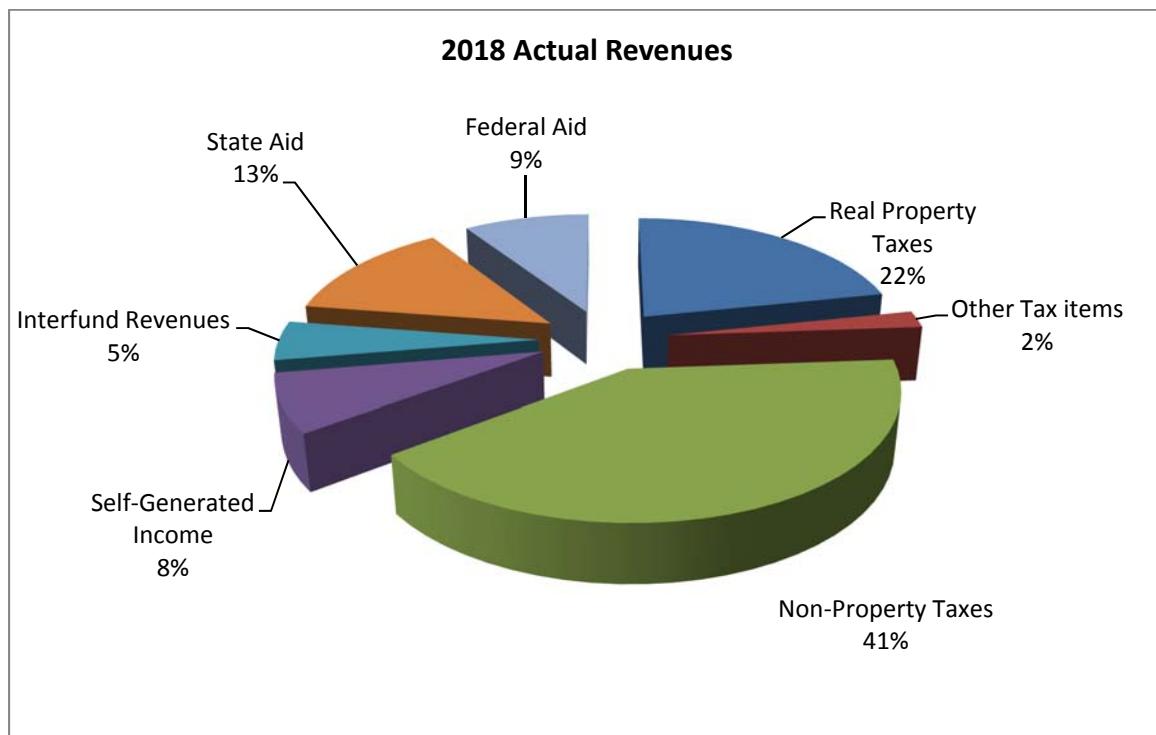

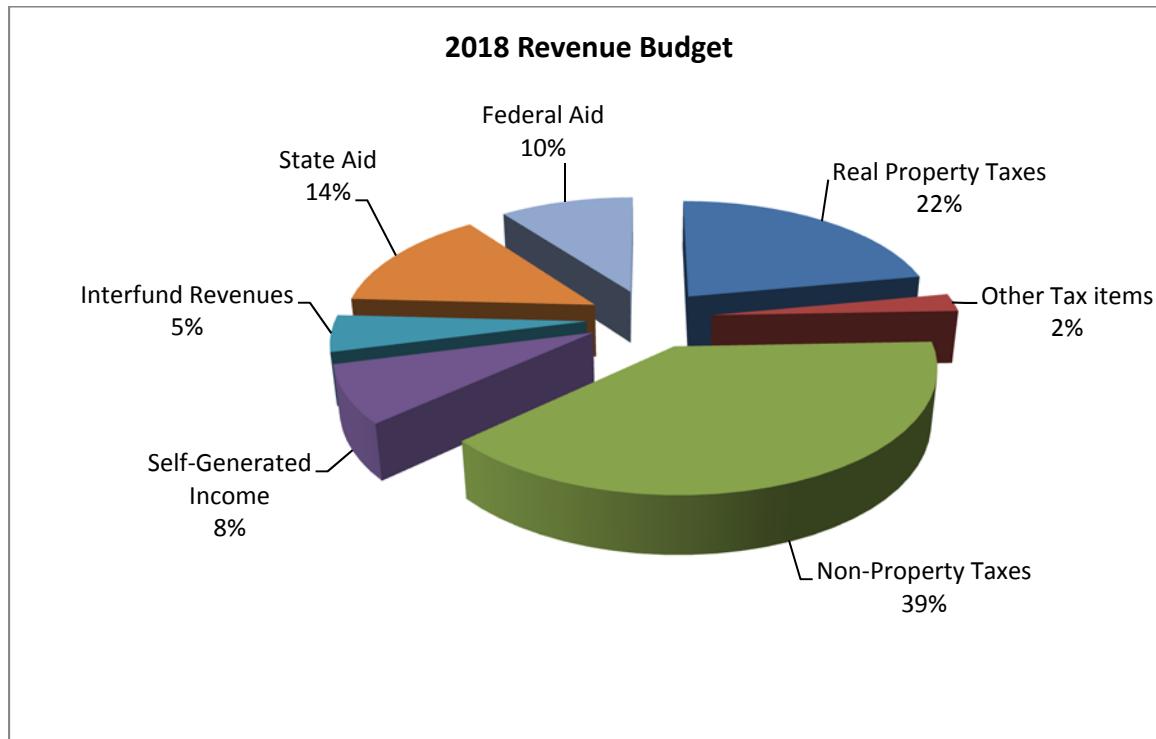

As of December 31, 2018, the County's total governmental funds reported a combined ending fund balance of \$199.8 million, an increase of \$61.8 million in comparison with \$138.0 million in the prior year.

The nonspendable fund balance component of \$8.2 million is reserved for collection of long-term taxes receivable. The restricted fund balance component of \$117.4 million includes \$4.9 million of law enforcement and related items in the General Fund, \$19.2 million of unspent bond proceeds restricted for debt service, and \$93.3 million for capital projects, exclusive of unexpended bond proceeds and unrestricted interest earnings. The committed portion of fund balance of \$2.3 million is designated for treatment plant and collection system in the Sewer Fund. The assigned fund balance totaling \$39.7 million is composed primarily of encumbrances of \$8.1 million, subsequent years' expenditures of \$10.2 million and undesignated of \$17.8 million in the special revenue funds, and \$3.5 million in transportation projects further detail of which can be found in Note 4K of this report. The remaining fund balance of \$32.3 million is composed of the unassigned fund balance of \$32.3 million in the General Fund.

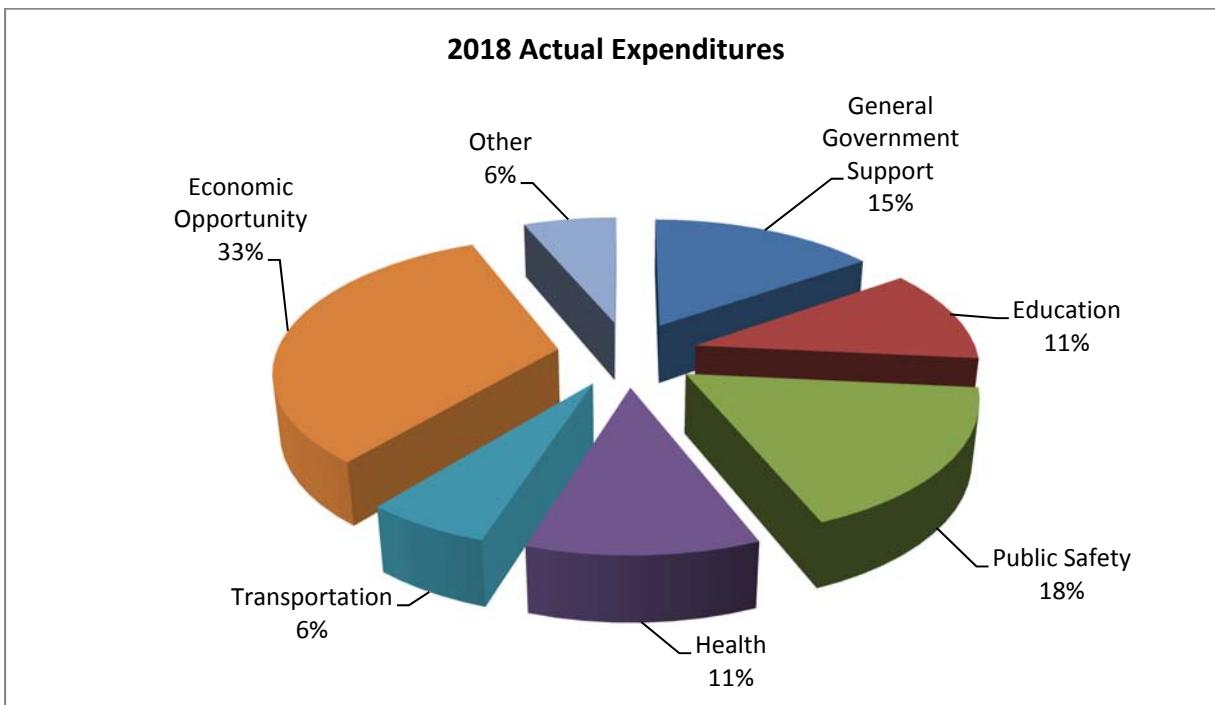

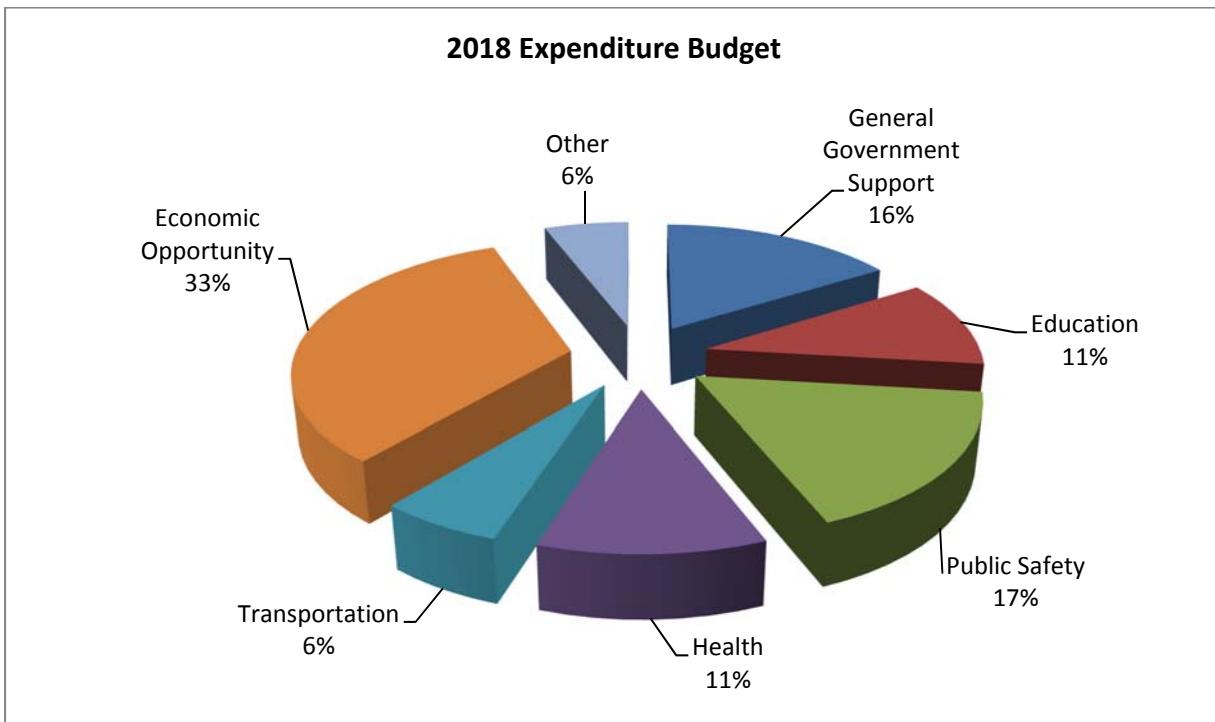

The General Fund is the primary operating fund of the County. At the end of the current 2018 fiscal year, the total fund balance of the General Fund was \$52.4 million (composed of nonspendable \$8.2 million, restricted \$5.6 million, assigned \$6.3 million and unassigned \$32.3 million). At the end of the 2017 fiscal year, the total fund balance of the General Fund was \$32.8 million (composed of nonspendable \$14.8 million, restricted \$6.3 million, assigned \$5.5 million and unassigned \$6.3 million).

DECEMBER 31, 2018

General Fund revenues were \$13.1 million higher in 2018 than in 2017 due to increases or (decreases) as indicated in the following table:

	2018	2017	Increase/ (Decrease)
Real Property Taxes	\$ 120,427,936	\$ 120,966,743	\$ (538,807)
Other Tax items	12,070,891	12,540,389	(469,498)
Non-Property Taxes	227,366,191	217,993,399	9,372,792
Self-Generated Income	41,921,760	40,783,662	1,138,098
Interfund Revenues	28,490,677	26,189,206	2,301,471
State Aid	74,182,933	72,948,034	1,234,899
Federal Aid	51,016,501	50,972,372	44,129
	<hr/> \$ 555,476,889	<hr/> \$ 542,393,805	<hr/> \$ 13,083,084

Federal Aid 2018 revenues were consistent in comparison to 2017. As Federal Aid for Social Services is expense driven, it is noted that the corresponding administrative expenses for Medical Assistance, Child Support Enforcement, Childcare Block Grant, Adoption Assistance and Title XX also remained constant as indicated in the table below in Economic Opportunity.

Non-Property tax revenues increased in the amount of \$9,372,792 from \$217,993,399 in 2017 to \$227,366,191 in 2018 due to a thriving economy.

General Fund expenses were \$8.9 million higher in 2018 than they were in 2017 due to increases or (decreases) as indicated in the table below:

	2018	2017	Increase/ (Decrease)
General Government Support	\$ 73,521,358	\$ 80,091,454	\$ (6,570,096)
Education	54,395,253	54,820,250	(424,997)
Public Safety	83,663,196	80,083,980	3,579,216
Health	52,968,634	49,690,796	3,277,838
Transportation	28,792,489	28,411,803	380,686
Economic Opportunity	157,994,302	158,061,501	(67,199)
Other	30,282,641	21,473,140	8,809,501
	<hr/> \$ 481,617,873	<hr/> \$ 472,632,924	<hr/> \$ 8,984,949

General Government Support spending decreased in the amount of \$6,570,096 because the unclassified expenses were moved from the General Government Support category to the Other category in 2018.

Education spending decreased in the amount of \$424,997 from \$54,820,250 in 2017 to \$54,395,253 in 2018 due to decreases in the handicapped children and early intervention programs. Although New York State law, effective April 2013, provides for the State to directly fund Early Intervention program providers, the County is required as of April 2013 to fund the escrow balance.

Public Safety spending increased in the amount of \$3,579,216 from \$80,083,980 in 2017 to \$83,663,196 in 2018 primarily for the Office of the Sheriff for increased building security in the amount of \$476,623, Correctional Facility in the amount of \$1,345,699, and increased costs of patrol in the amount of \$668,928.

COUNTY OF ROCKLAND, NEW YORK
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018

Expenditures for Economic Opportunity (which consists of Department of Social Services, Veteran's Service Agency, Office for the Aging and Contract Agencies) decreased in the amount of \$67,199 from \$158,061,501 in 2017 to \$157,994,302 in 2018.

The Capital Projects Fund is used to account for capital project activity throughout the County. The Capital Projects Fund's ending fund balance is \$96,789,751. This is an increase of \$32,083,723; due primarily to the increase in bonds issued in the amount of \$53,620,000 as compared to no bonds issued in 2017. This increase in fund balance was partially offset by an increase in capital outlay in amount of \$7,453,680, and an increase in transfers out in the amount of \$3,663,829.

Non-major Governmental Funds consist of the Special Revenue Funds and the Debt Service Fund. The Special Revenue Funds are made up of the following individual funds: County Road Fund, Road Machinery Fund, Community Development Fund, Sewer District Fund and Special Purpose Fund. For the fiscal year ended December 31, 2018, the combined fund balance of these funds totaled \$50.6 million. This represents an increase of \$10.1 million from the prior year.

Proprietary Funds – The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Budgetary Highlights

General Funds - Actual General Fund revenues, exclusive of other financing sources, were \$555.5 million, which was \$647,647 thousand less from the final budget. Most of this shortfall was from the area of real property tax and other tax items, State Aid, and Federal Aid. This shortfall was offset by a \$11.6 million excess revenue over budget in non-property taxes and \$1.1 million excess revenue over budget in interfund revenues. The three main revenue sources that comprised this number were as follows:

Real Property and other tax items	\$ (3.3) million
State Aid	\$ (3.6) million
Federal Aid	\$ (5.5) million

Overall, the actual General Fund expenditures, exclusive of other financing uses, were \$481.6 million, which was \$21.8 million less than the final budget. The major areas where spending was less than budget was Economic Opportunity \$9 million; Health and Public Safety was \$2.5 and \$2.6 million, respectively; and General Government Support of \$7.7 million primarily because of budgeted contingent fund savings.

COUNTY OF ROCKLAND, NEW YORK
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
DECEMBER 31, 2018

Actual General Fund expenses, exclusive of other financing uses, were \$481.6 million, which was \$21.8 million less from the final budget due to the positive or (negative) variances as indicated in the table below:

	Final Budget	Actual	Variance Positive (Negative)
General Government Support	\$ 81,190,145	\$ 73,521,358	\$ 7,668,787
Education	54,020,985	54,395,253	(374,268)

	<hr/> <u>\$ 503,438,813</u>	<hr/> <u>\$ 481,617,873</u>	<hr/> <u>\$ 21,820,940</u>

General Government Support spending was less than budgeted in the amount of \$7,668,787 in the Department of Budget and Finance, Other General Departments and Contingency Fund. Education spending was more than budgeted in the amount of \$374,268 in the education of handicapped children and early intervention mandated programs. Decreased public need caused areas of Public Safety (mainly the Office of the Sheriff Correctional Facility), Department of Health and Economic Opportunity (mainly the Department of Social Services), to spend less than budgeted in the amount of \$2,582,081, \$2,533,571, and \$9,027,247, respectively.

Capital Asset and Debt Administration

Capital Assets - The County's investment in capital assets for its governmental and business-type activities as of December 31, 2018, amounted to \$752 million, net of accumulated depreciation. This investment in capital assets includes land, buildings, improvements, equipment, infrastructure and construction-in-progress.

The County's current long-term borrowing rating assigned as of April 2019 is A+ by S & P (positive), A- by Fitch Ratings Inc. (positive), and A2 by Moody's Investors Service (stable).

The State Constitution limits the amount of indebtedness, both long-term and short-term, which the County may incur. In accordance with Article VIII of the State Constitution, the County may not contract indebtedness in an amount greater than seven percent of the average full value of taxable real property in the County of the most recent five years. Certain indebtedness is excluded in ascertaining the County's authority to contract indebtedness within the constitutional limits; accordingly, debt of this kind, commonly referred to as "excluding debt", may be issued without regard to the constitutional limits and without affecting the County's authority to issue debt subject to the limit.

Additional information on the County's long-term debt can be found in Note 4G of this report.

Reconciliation of Governmental Funds Balance Sheet to the Government-Wide Statement of Net Position December 31, 2018

Fund Balances - Governmental Funds \$ 199,762,269

Amounts Reported for Governmental Activities in the Statement of Net Position are Different Because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. 749,909,214

Internal service funds are used by management to charge the costs of insurance and general services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. (74,764,437)

Governmental funds do not report the effect of losses on refunding bonds and assets or liabilities related to net pension assets (liabilities) whereas these amounts are deferred and amortized in the statement of activities

Reconciliation of the Statement of Revenues,
Expenditures and Changes in Fund Balances of Governmental Funds
to the Statement of Activities
Year Ended December 31, 2018

Amounts Reported for Governmental Activities in the Statement of Activities are Different Because:

Net Change in Fund Balances - Total Governmental Funds	\$ 61,723,818
--	---------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense in the current period.

Capital outlay expenditures	29,875,873
Depreciation expense	(33,751,440)
	<hr/>
	(3,875,567)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Real property taxes	<hr/>
	1,627,477

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

Bonds issued	(53,620,000)
Principal paid on bonds	41,558,769
Issuance premium	(2,732,902)
Principal paid on HUD Section 108 loans payable	456,000
Principal paid on New York State Loan - NYPA	412,404
New York State loan - Retirement	5,569,146
Amortization of loss on refunding bonds and issuance premium	<hr/>
	1,489,615
	<hr/>
	(6,866,968)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Pension	(5,308,963)
Compensated absences	102,550
Claims payable	208,362
Other postemployment benefit obligations	12,628,285
Accrued interest	<hr/>
	369,703
	<hr/>
	7,999,937

Internal service funds are used by management to charge the costs of risk to individual funds. The net revenue of the internal service funds are reported within governmental activities.

**COUNTY OF ROCKLAND, NEW YORK
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 1 – ORGANIZATION

The County of Rockland, New York (the “County”) was established in 1798 and operates in accordance with its Charter, County Law and the various other applicable laws of the State of New York. The County functions under a County Executive/Legislature form of government. The County Legislature is the legislative body responsible for overall operation of the County. The County Executive serves as the Chief Executive Officer and the Commissioner of Finance serves as the Chief Financial Officer. The County provides the following services to its residents: education, public safety, health, transportation, economic opportunity and development, culture and recreation, home and community services, and general and administrative support.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the County conform to accounting principles generally accepted in the United States of America (“U.S. GAAP”) as applicable to governmental units and the Uniform System of Accounts as prescribed by the State of New York. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

A. Financial Reporting Entity

The financial reporting entity consists of a) the primary government, which is the County, b) organizations for which the County is financially accountable and c) other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete as set forth by GASB.

In evaluating how to define the County, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the County's reporting entity was made by applying the criteria set forth by GASB, including legal standing, fiscal dependency and financial accountability.

Based upon the application of the above criteria, the following individual component units are included in the County's reporting entity because of their operational or financial relationship with the County:

- The Rockland County Community College (the “College”) was established in 1959, with the County of Rockland as the local sponsor under provisions of Article 126 of the Education Law. The College is administered by a board of trustees consisting of ten voting members; five are appointed by the County Legislature, four by the Governor and one student elected by the student body. The College budget is subject to the approval of the County Legislature. The County generally provides one-half of the capital costs and one-third of the operating costs for the College. Title to real property of the College vests with the County and bonds and notes for College capital costs are issued by the County and are County debt. A fiscal year ending August 31 is mandated by State Law for the College. The College is included in the County's reporting entity since the primary government is able to impose its will, as demonstrated through the ability to approve budgets. The College may also result in a financial burden to the primary government since the County is obligated for the debt of the College. Since services are not provided entirely or almost entirely to the County, the College has been reflected as a discretely presented component unit.

**COUNTY OF ROCKLAND, NEW YORK
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- The Rockland County Soil and Water Conservation District (the “District”) was established pursuant to New York State Soil Conservation District Law and legislative resolution. The District provides for the conservation of soil and soil resources of the State and the County. The Board of Directors is appointed by the County Legislature. The Board of Directors serves at the pleasure of the County Legislature and, therefore, the primary government is able to impose its will on the District. The District is also dependent on the financial support provided by the County. Since the District does not provide services entirely or almost entirely to the County, the financial statements of the District have been reflected as a discretely presented component unit.
- The Rockland County Solid Waste Management Authority (the “Authority”) is a public benefit corporation created pursuant to the Rockland County Solid Waste Management Authority Act constituting Title 13-M of the New York State Public Authorities Law. The Authority provides solid waste management services to the residents of the County. The Authority is administered by seventeen members. Eight members are members of the County Legislature, five members are supervisors of towns within the County, two members are mayors of villages recommended by the Conference of Mayors and two members are appointed by the County Executive. Consequently, the County is considered able to impose its will on the Authority. Authority members have complete responsibility for management of the Authority and accountability for fiscal matters. The Authority has the power to issue debt and enter into loan agreements. The County is not liable for the Authority's debt. Since the Authority does not provide services entirely or almost entirely to the County, the financial statements of the Authority have been reflected as a discretely presented component unit.
- The Rockland County Industrial Development Agency (the “Agency”) is a public benefit corporation created by State legislation to promote the economic welfare, recreation opportunities and prosperity of the County's inhabitants. Members of the Agency are appointed by the County Legislature. Agency members have complete responsibility for management of the Agency and accountability for fiscal matters. The County is not liable for Agency bonds or notes. The governing board of the Agency serves at the pleasure of the County Legislature and, therefore, the primary government is able to impose its will on the Agency. Since the Agency does not provide services entirely or almost entirely to the County of Rockland, the financial statements of the Agency have been reflected as a discretely presented component unit.

The following organizations are included in the County's reporting entity as blended component units:

- The Rockland Tobacco Asset Securitization Corporation ("RTASC") and the Rockland Second Tobacco Asset Securitization Corporation ("RSTASC") are not-for-profit local development corporations organized pursuant to Section 1411 of the Not-For-Profit Corporation Law of the State of New York. The Boards of Directors of each Corporation consist of five members; two designees of the Rockland County Executive, one designee of the chairman of the County Legislature, one designee of the chairman of the County's Budget and Finance Committee and a fifth shall be designated by a majority of the other four members. The Boards of Directors have complete responsibility for management of the Corporations and accountability for fiscal matters. The County is not liable for any deficits or the Corporations bonds or notes.

**COUNTY OF ROCKLAND, NEW YORK
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The GASB, in April 2004, issued a technical bulletin which clarified the financial reporting of Tobacco Settlement Authorities (“TSA”). This bulletin, which was effective for fiscal years ending after June 15, 2004, provides that when TSAs are entitled to future tobacco settlement resources and they appoint a majority of the TSA's governing board, the financial accountability criteria are met, and the TSA should be reported as a blended component unit of the settling government. Consequently, these organizations have been reflected as blended component units in the financial statements.

- The Rockland County Health Facilities Corporation (the “Corporation”) is a not-for-profit local development corporation created pursuant to Section 1411 of the Not-For-Profit Corporation Law of the State of New York (the “LDC Act”) and legislative resolution to lessen the burdens of local government and acting in the public interest of the County. The legislative resolution, was passed on April 16, 2013, and the County executed a lease and leaseback agreement between the County and the Corporation providing for the transfer to the Corporation of all of the County's right, title and interest in the Skilled Nursing Facility by ninety-nine year lease, with the option to take fee title, subject to the retained rights of the County to continue to operate such facility until such time as the Corporation terminates such reserved rights. Members of the Corporation are appointed by the County Executive and the County Legislature. The governing board of the Corporation serves at the pleasure of the County Executive, and therefore, the primary government is able to impose its will on the Corporation. The County provides operating support to the Corporation and the County is liable for the Corporation's debt. Since the Corporation provides services that exclusively, or almost exclusively provides benefit to the County, the financial statements of the Corporation have been reflected as a blended component unit.

Complete financial statements of the individual component units can be obtained from their respective administrative offices as indicated below.

Audit Responsibility:

During the year ended December 31, 2018, the individual component units included in the County's reporting entity that were audited by other auditors were the College, the Authority, and the Agency. Blended component units included in the County's reporting entity that were audited by other auditors were the RTASC, RSTASC and the Corporation. Such component units represented the below amounts as of and for the year ended December 31, 2018:

	Business-Type Activities	Primary Government	Component Units
Total assets	100.0%	1.1%	99.5%
Total net position	100.0%	14.4%	98.5%
Total revenues	100.0%	0.7%	99.7%

B. Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all non-fiduciary activities of the primary government as a whole and its component units. For the most part, the effect of interfund activity has been removed from these statements, except for interfund services provided and used. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from the legally separate component units for which the primary government is financially accountable.

The statement of net position presents the financial position of the County and its component units at the end of its fiscal year. The statement of activities demonstrates the degree to which direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods or services, or privileges provided by a given function or segment, (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment and (3) interest earned on grants that is required to be used to support a particular program. Taxes and other items not identified as program revenues are reported as general revenues. The County does not allocate indirect expenses to functions in the statement of activities.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and individual enterprise funds are reported as separate columns in the fund financial statements.

**COUNTY OF ROCKLAND, NEW YORK
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal ongoing operation. The principal operating revenues of the enterprise funds are charges to customers for services and tobacco settlement revenues and the principal operating expenses are cost of services, administrative expenses, professional and directors' fees, insurance, depreciation costs and benefit costs. The principal operating revenues of the Internal Service Funds are charges to customers for services, and operating expenses include the cost of services, administrative expenses, depreciation costs and benefit costs. All revenues and expenses not meeting the definition are reported as non-operating revenues and expenses.

C. Fund Financial Statements

The accounts of the County are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances/net position, revenues and expenditures/expenses. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The County maintains the minimum number of funds consistent with legal and managerial requirements. The focus of fund financial statements is on major funds as that term is defined in professional pronouncements. Each major fund is to be presented in a separate column, with non-major funds, if any, aggregated and presented in a single column. Fiduciary and proprietary funds are reported by type. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, a reconciliation is presented on the pages following, which briefly explain the adjustments necessary to transform the fund based financial statements into the governmental activities column of the government-wide presentation. The County's resources are reflected in the fund financial statements in three broad fund categories, in accordance with generally accepted accounting principles as follows:

Fund Categories

- a. Governmental Funds - Governmental Funds are those through which most general government functions are financed. The acquisition use and balances of expendable financial resources and the related liabilities are accounted for through governmental funds. The following are the County's major governmental funds.

General Fund - The General Fund constitutes the primary operating fund of the County in that it includes all revenues and expenditures not accounted for and reported in another fund.

Capital Projects Fund - The Capital Projects Fund is used to account for and report financial resources that are restricted, committed or assigned for capital outlay, including the acquisition or construction of major capital facilities and other capital assets, other than those financed by proprietary funds.

The County also reports the following non-major governmental funds:

Special Revenue Funds – Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted, committed or assigned to expenditures for specified purposes other than debt service or capital projects.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The special revenue funds of the County are as follows:

County Road Fund - The County Road Fund was established pursuant to New York State Highway Law and is used to account for the maintenance and repair of County roads and bridges and snow removal costs.

Road Machinery Fund - The Road Machinery Fund is used to account for the purchase, repair and maintenance of highway machinery, tools and equipment and for the purchase, construction and maintenance of buildings for the storage and repair of highway machinery and equipment.

Community Development Fund - The Community Development Fund is used to account for projects financed by entitlements from the U.S. Department of Housing and Urban Development ("HUD").

Sewer District Fund - The Sewer District Fund is used to account for the operations and maintenance of the County's sewer facilities.

Special Purpose Fund - The Special Purpose Fund is used to account for assets held by the County in accordance with terms of a trust agreement.

Debt Service Fund - The Debt Service Fund is provided to account for and report financial resources that are restricted, committed or assigned to expenditures for principal and interest and for financial resources that are being accumulated for principal and interest maturing in future years.

b. Proprietary Funds - Proprietary funds include enterprise and internal service funds. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private enterprises or where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is necessary for management accountability. Enterprise funds are used to account for those operations that provide services to the public. Internal service funds account for operations that provide services to other departments or agencies of the government, or to other governments, on a cost reimbursement basis. In prior years, the operations of the Summit Park Hospital ("Nursing Care Center") or ("Hospital Fund"), were recorded as a major enterprise fund. The Nursing Care Center was a chronic care hospital and a skilled nursing facility established and operated under the provisions of Article 6 of General Municipal Law. The Nursing Care Center discharged its last patient in December 2015 and submitted its operating certificate back to the New York State Department of Health in December 2015. As of December 31, 2015, the Hospital had ceased operations and the only operations within the Hospital Fund in 2016 consisted of the operation of certain mental health units. In 2016, the County determined the Hospital Fund was no longer operating as an enterprise fund as the remaining activities within the Hospital Fund were no longer being operated similar to a private business enterprise where the intent of the governing body is to finance or recover costs or providing goods and services to the general public on a continuing basis through user charges. Therefore, the activity of the Hospital Fund is reported within the General Fund beginning in 2016.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The County has established its Workers' Compensation Benefits and General Services funds as internal service funds.

c. Fiduciary Funds (Not Included in Government-wide Statements) - The Fiduciary Funds are used to account for assets held by the County in an agency capacity on behalf of others. The Agency Fund is primarily utilized to account for employee payroll deductions, deposits for welfare trusts and various taxes (i.e., mortgage taxes), that are payable to other jurisdictions or individuals.

D. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (all assets and liabilities). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary funds. The Agency Fund has no measurement focus but utilizes the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Property taxes are considered to be available if collected within sixty days of the fiscal year end. A ninety-day availability period is generally used for revenue recognition for most other governmental fund revenues. Property taxes associated with the current fiscal period as well as charges for services and intergovernmental revenues are considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period. Fees and other similar revenues are not susceptible to accrual because generally they are not measurable until received in cash. If expenditures are the prime factor for determining eligibility, revenues from Federal and State grants are accrued when the expenditure is made. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to certain pension costs, compensated absences, net pension liability, retirement incentives, certain claims and other post-employment benefit obligations, are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Component Units

Component units are presented on the basis of accounting that most accurately reflects their activities. The District is accounted for on the modified accrual basis and is converted to the accrual basis for the government-wide statements. The College, Agency and the Authority are accounted for on the accrual basis. The College, however, does not reflect property, plant and equipment as an asset of the fund and depreciation is not reflected. Property, plant and equipment of the College are owned by the County.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Fund Balances

Deposits, Investments and Risk Disclosure

Cash and Cash Equivalents - Cash and cash equivalents consist of funds deposited in demand deposit accounts, time deposit accounts and certificates of deposit with original maturities of less than three months.

The County's investment policies are governed by State statutes. The County has adopted its own written investment policy which provides for the deposit of funds in Federal Deposit Insurance Corporation ("FDIC") insured commercial banks or trust companies located within the State. The County is authorized to use demand deposit accounts, time deposit accounts and certificates of deposit.

Collateral is required for demand deposit accounts, time deposit accounts and certificates of deposit at 100% of all deposits not covered by FDIC insurance. The County has entered into custodial agreements with the various banks which hold their deposits. These agreements authorize the obligations that may be pledged as collateral. Such obligations include, among other instruments, obligations of the United States and its agencies and obligations of the State and its municipal and school district subdivisions.

Investments - All investments are stated at fair value, which is based on quoted market prices. Permissible investments include obligations of the U.S. Treasury, U.S. Agencies, repurchase agreements and obligations of New York State or its political subdivisions. The objective of these investments is to preserve capital and mitigate credit and interest rate risk. The County was invested only in the above-mentioned obligations and, accordingly, was not exposed to any interest rate or credit risk.

The County follows the provisions of GASB Statement No. 72, "Fair Value Measurements and Application", which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist. The detail of these investments and their related risks are described in Note 4A.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risk Disclosure

Interest Rate Risk - Interest rate risk is the risk that the government will incur losses in fair value caused by changing interest rates. The County has a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates. Generally, the County does not invest in any long-term investment obligations.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. GASB Statement No. 40 directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either under collateralized, collateralized by securities held by the pledging financial institution or collateralized by securities held by the pledging financial institution's trust department but not in the County's name. The County's aggregate cash balances that were not covered by depository insurance were not exposed to custodial credit risk as of December 31, 2018.

Credit Risk - Credit risk is the risk that an issuer or other counterparty will not fulfill its specific obligation even without the entity's complete failure. The County does not have a formal credit risk policy other than restrictions to obligations allowable under the General Municipal Law of the State of New York.

Concentration of Credit Risk - Concentration of credit risk is the risk attributed to the magnitude of a government's investments in a single issuer. The County's investment policy limits the amount on deposit at each of its banking institutions.

Taxes Receivable - Real property taxes are levied and attach as a lien against real property on January 1st. County taxes are billed with town taxes and initially collected by the towns on behalf of the County. Real property taxes may be paid between January 1st and January 31st without interest or penalty. Payments received after January 31st must include interest computed at 1% per month from February 1st. The towns retain the first amounts collected to satisfy their respective tax warrants. Amounts collected thereafter are remitted to the County. Tax rolls and a listing of the unpaid taxes are returned to the County in April. A 5% penalty is added to the unpaid tax, which is collected by the County.

The County enforces delinquent real property taxes under the provisions of Article 11 (Article 11 applies to taxes levied after December 31, 1995 and provides for the foreclosure of tax sale liens by proceedings in rem) of the Real Property Tax Law. Enforcement procedures set forth in Article 11 provide that the enforcing officer shall file a petition of foreclosure twenty-one months after the lien date (the County may extend the filing date for residential and farm property by one or two years). Such petition is required to be filed with the County Clerk within two business days after the execution of the petition. After the petition has been filed with the County Clerk, a notice of foreclosure must be published in at least two newspapers designated by the enforcing officer. The published notice shall include the date of the last day on which delinquent taxes may be redeemed. The redemption date must be at least three months after the date the notice is first published. If the delinquent taxes, including all related charges, are not paid on the date specified in the notice of foreclosure, the Court generally makes a final judgment awarding the property to the County. Such judgment will contain an order that a deed conveying title to the County shall be prepared, executed and duly recorded. No proceeding to set aside the deed may be maintained unless proceedings are commenced within two years from the date of recording the deed. Properties acquired by the County through tax enforcement procedures must be sold at a public auction.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The County is also responsible for collecting and enforcing delinquent school district taxes. Such taxes are collected by the towns in the County between September 1st and October 31st, after which the school tax rolls and unpaid taxes are remitted to the County. A 5% penalty is added to the amount of the unpaid school tax. The County collects unpaid school taxes during the month of November. Any taxes remaining unpaid after this time are relieved, with a 7% penalty, as County taxes for the following year. The County must satisfy the full amount of the unpaid school districts taxes no later than April 1st of the year following the levy of such taxes.

Pursuant to Article 14 of the Real Property Tax Law, the County has agreements with various villages within the County to collect and enforce delinquent village taxes. County tax bills include amounts relieved, with a 7% penalty, for unpaid village taxes where appropriate. The County must satisfy the full amount of the unpaid village taxes no later than April 1st of the year following the levy of such taxes.

Other Receivables - Other receivables include amounts due from other governments and individuals for services provided by the County. Receivables are recorded, and revenues recognized as earned or as specific program expenditures/expenses are incurred. Allowances are recorded, when appropriate.

Due From/To Other Funds - During the course of its operations, the County has numerous transactions between funds to finance operations, provide services and construct assets. To the extent that certain transactions between funds had not been paid or received as of December 31, 2018, balances of interfund amounts receivable or payable have been recorded in the fund financial statements. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as internal balances.

Inventories - Inventories are stated at cost and consist of materials, supplies and drugs used in the operation of certain mental health units and materials and supplies used by the General Services Fund. The County uses the consumption method to relieve inventory. Purchases of inventory items at other locations are recorded as expenditures/expenses at the time of purchase and year-end balances at these locations are not material.

Prepaid Expenses/Expenditures - Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items using the consumption method in both the government-wide and fund financial statements. Prepaid expenses/expenditures consist of employee retirement and other costs which have been satisfied prior to the end of the fiscal year but represent items which have been provided for in the subsequent year's budget and/or will benefit such periods. Reported amounts in governmental funds are equally offset by nonspendable fund balance in the fund financial statements, which indicates that these amounts do not constitute "available spendable resources" even though they are a component of current assets.

Restricted Cash and Cash Equivalents and Investments - Restricted cash in the Capital Projects fund represents bond proceeds held by a state agency.

Restricted cash and investments in the Authority consist of bond proceeds held by a custodial agent. These funds are to be used for the construction of solid waste disposal facilities and payment of debt service.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets - Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation, if received on or before June 15, 2015. Donated capital assets received after June 15, 2015 are recorded at acquisition value.

In the case of the initial capitalization of general infrastructure assets (i.e., those reported by governmental activities), the County chose to include all such items regardless of their acquisition date or amount. The County was able to estimate the historical cost for the initial reporting of these assets through backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year).

Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives is not capitalized.

Land and construction-in-progress are not depreciated. Property, plant, equipment and infrastructure of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives.

<u>Class</u>	<u>Life in Years</u>
Buildings	30
Improvements	20
Equipment	3-10
Infrastructure	Up to 30

The costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures on the governmental fund financial statements. Capital assets are not shown on the governmental fund balance sheets.

Unearned Revenues - Unearned revenues arise when assets are recognized before a revenue recognition criterion has been satisfied. In government-wide financial statements, unearned revenues consist of amounts received in advance and/or amounts from grants received before the eligibility requirements have been met.

Unearned revenues in fund financial statements are those where asset recognition criteria have been met, but for which revenue recognition criteria have not been met. The County has reported unearned revenues of \$1,837,776 for State and Federal aid received in advance in the General Fund. The County has also reported unearned revenues of \$1,696,608 for Federal aid received in advance in the Community Development Fund. Such amounts have been deemed to be measurable but not "available" pursuant to U.S. GAAP.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources - In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The County reported deferred outflows of resources of \$7,546,577 for a deferred loss on refunding bonds in the government-wide statement of net position and \$747,233 in the component units' statement of net position. These amounts result from the difference in the carrying value of the refunded debt and its reacquisition price. These amounts are deferred and amortized over the shorter of the life of the refunded or refunding debt.

The Authority has reported deferred outflows of resources related to the consideration provided in excess of the net assets acquired relating to the acquisition of certain municipal assets. The gross amount of other deferred outflows, \$15,506,746, is net of accumulated amortization of \$775,337 at December 31, 2018. As of January 1, 2018 (see Note 2H), the other deferred outflows are amortized over periods considering the estimated useful lives of the assets acquired and other factors.

The County has reported deferred inflows of resources of \$15,857,620 for real property taxes in the General Fund and of \$790,889 for tuition assistance payments in the component units' statement of net position. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

The County (and the College and the Authority) also reported deferred outflows of resources and deferred inflows of resources in relation to its pension and other postemployment benefit obligations. These amounts are detailed in the discussion of the pension and other postemployment benefit plans in Note 4G.

Long-Term Liabilities - In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expended as incurred.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as Debt Service or Capital Projects funds expenditures.

Compensated Absences - The various collective bargaining agreements provide for the payment of accumulated vacation and sick leave upon separation from service. The liability for such accumulated leave is reflected in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if the liability has matured through employee resignation or retirement. The liability for compensated absences includes salary related payments, where applicable.

COUNTY OF ROCKLAND, NEW YORK
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Pension Liability - The net pension liability represents the County's proportionate share of the net pension liability of the New York State and Local Employees' Retirement System ("ERS"). The financial reporting of these amounts is presented in accordance with the provisions of GASB Statement No. 68, *"Accounting and Financial Reporting for Pensions"* and GASB Statement No. 71, *"Pension Transition for Contributions Made Subsequent to the Measurement Date."*

Net Position - Net position represents the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position on the statement of net position include, net investment in capital assets, restricted for capital projects, law enforcement, Section 8 housing, debt service, student loans, unemployment benefits, environmental programs, scholarships and student services, permanent endowments and special revenue funds. The balance is classified as unrestricted.

Fund Balance - Generally, fund balance represents the difference between current assets and deferred outflows of resources and current liabilities and deferred inflows of resources. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Under this standard, the fund balance classifications are as follows:

Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form (inventories, prepaid amounts, long-term receivables, advances) or they are legally or contractually required to be maintained intact (the corpus of a permanent fund).

Restricted fund balance is reported when constraints placed on the use of the resources are imposed by grantors, contributors, laws or regulations of other governments or imposed by law through enabling legislation. Enabling legislation includes a legally enforceable requirement that these resources be used only for the specific purposes as provided in the legislation. This fund balance classification is used to report funds that are restricted for debt service obligations and for other items contained in General Municipal Law of the State of New York.

Committed fund balance is reported for amounts that can only be used for specific purposes pursuant to formal action of the entity's highest level of decision making authority. The County Legislature is the highest level of decision making authority for the County that can, by the adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, these funds may only be used for the purpose specified unless the County removes or changes the purpose by taking the same action that was used to establish the commitment. This classification includes certain amounts established and approved by the County Legislature.

Assigned fund balance, in the General Fund, represents amounts constrained either by policies of the County Legislature for amounts assigned for balancing the subsequent year's budget or the Commissioner of Finance for amounts assigned for encumbrances. Unlike commitments, assignments generally only exist temporarily, in that additional action does not normally have to be taken for the removal of an assignment. An assignment cannot result in a deficit in the unassigned fund balance in the General Fund. Assigned fund balance in all funds except the General Fund includes all remaining amounts, except for negative balances, that are not classified as nonspendable and are neither restricted nor committed.

**COUNTY OF ROCKLAND, NEW YORK
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In order to calculate the amounts to report as restricted and unrestricted fund balance in governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County's policy to use fund balance in the following order: committed, assigned, and unassigned.

F. Encumbrances

In governmental funds, encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of monies are recorded in order to reserve applicable appropriations, is generally employed as an extension of formal budgetary integration in the General, County Road, Road Machinery, Community Development and Sewer District funds. Encumbrances outstanding at year-end are reported as assigned fund balance since they do not constitute expenditures or liabilities.

G. Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from these estimates.

H. New Accounting Pronouncements

The following are standards adopted by the County in the current year and standards which may impact the County in future years.

- In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* ("GASB 75"). GASB 75 establishes accounting and financial reporting standards for OPEB that is provided to employees of state and local governmental employees. The requirements of GASB 75 are effective for fiscal years beginning after June 15, 2017.

Effective January 1, 2018, the County implemented the provisions of GASB 75 and the OPEB financial statement amounts were measured and recognized in accordance with the standard, additional disclosures were added to Note 4G and a schedule of OPEB liability and OPEB as a percentage of covered payroll was presented as required supplementary information.

COUNTY OF ROCKLAND, NEW YORK
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

As a result of the adoption of GASB 75, beginning net position was restated as follows:

	Governmental Activities	Component Units
Net position (deficit) at December 31, 2017, as previously stated	\$ (109,153,391)	\$ (9,494,488)
Effect of adoption of GASB 75	<u>(444,394,561)</u>	<u>(65,723,829)</u>
Net position (deficit) at December 31, 2017, restated	<u><u>\$ (553,547,952)</u></u>	<u><u>\$ (75,218,317)</u></u>

The adoption of GASB 75 did not have any effect on the County's governmental fund financial statements as the OPEB liability is a long-term liability that is not due and payable in from current financial resources.

- In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*, ("GASB 83"). GASB 83 addresses accounting and financial reporting for certain asset retirement obligations. This statement establishes criteria for determining the timing and pattern of recognition of a liability and corresponding deferred outflow of resources for asset retirement obligations. The requirements of GASB 83 are effective for fiscal years beginning after June 15, 2018 and were fully implemented by the County in the current year. The adoption of GASB 83 did not have an impact on the County's financial statements.
- In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*, ("GASB 84"). The objective of GASB 84 is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of GASB 84 are effective for fiscal years beginning after December 15, 2018. The County has not completed the process of evaluating the impact of GASB 84 on its financial statements. GASB 84 is not expected to have an impact on the County's financial statements.
- In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*, ("GASB 85"). The objective of GASB 85 is to address practice issues that have been identified during implementation and application of certain GASB statements. The requirements of GASB 85 are effective for fiscal years beginning after June 15, 2017 and were fully implemented by the County in the current year.

In accordance with GASB 85, the Authority reclassified amounts previously reported as intangible assets (goodwill) as a deferred outflow of resources at December 31, 2017 and, beginning January 1, 2018 began amortizing the deferred outflows over periods considering the estimated useful lives of the assets acquired and other factors (see Note 2E).

- In May 2017, GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*, ("GASB 86"). The primary objective of GASB 86 is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceeds of refunding debt. This statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished. The requirements of GASB 86 are effective for fiscal years beginning after June 15, 2017 and were fully implemented by the County in the current year. The adoption of GASB 86 did not have an impact on the County's financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

- In June 2017, GASB issued Statement No. 87, *Leases*, ("GASB 87"). The objective of GASB 87 is to improve accounting and financial reporting for leases by governments. This statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of GASB 87 are effective for fiscal years beginning after December 15, 2019. The County has not completed the process of evaluating the impact of GASB 87 on its financial statements.
- In April 2018, GASB issued Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements*, ("GASB 88"). The objective of GASB 88 is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt by providing a clear definition for debt. GASB 88 requires that additional essential information related to debt be disclosed in the notes to the financial statements. The requirements of GASB 88 are effective for fiscal years beginning after June 15, 2018. GASB 88 is not expected to have an impact on the County's financial statements.
- In June 2018, GASB issued Statement No. 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*, ("GASB 89"). The objectives of GASB 89 are to enhance the relevance of comparability of information about capital assets and the cost of borrowing for a reporting period, and to simplify accounting for interest cost incurred before the end of a construction period. The requirements of GASB 89 are effective for fiscal years beginning after December 15, 2019. GASB 89 is not expected to have an impact on the County's financial statements.
- In August 2018, GASB issued Statement No. 90, *Majority Equity Interests* ("GASB 90"). GASB 90 is effective for reporting periods beginning after December 15, 2018. GASB 90 clarifies the accounting and financial reporting requirements for a state or local government's majority equity interest in an organization that remains legally separate after acquisition. GASB 90 is not expected to have an impact on the County's financial statements.
- In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations* ("GASB 91"). GASB 91 is effective for reporting periods beginning after December 15, 2020. Conduit debt obligations are debt instruments issued by state and local governments to provide financing for a third party, which is primarily liable for repaying the debt instrument. GASB 91 updates Interpretation No. 2, "Disclosure of Conduit Debt Obligations," which allowed for variations with the option for government issuers to either recognize conduit debt obligations as their own debt or to disclose them. GASB 91 addresses variation in practice by clarifying exactly what a conduit debt obligation is and eliminating the option for government issuers to recognize conduit debt obligations, thereby providing a single method of reporting. GASB 91 is not expected to have an impact on the County's financial statements.

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Data

The County generally follows the procedures listed below in establishing the budgetary data reflected in the financial statements:

- a) On or before August 1st, the administrative head of each department is required to submit to the County Executive the expenditure requirements for the next fiscal year.
- b) The County Executive is required to file the tentative budget for the ensuing year with the Clerk of the Legislature on or before October 1st.
- c) Subsequent to October 23rd, the Legislature conducts the necessary review of the tentative budget and proposes any changes thereto.
- d) Prior to November 20th, the Legislature shall hold a public hearing on the budget.
- e) After the public hearing, the Legislature may make changes to the budget. The budget shall be adopted no later than December 7th.
- f) Formal budgetary integration is employed during the year as a management control device for General, County Road, Road Machinery, Community Development, Sewer District and Debt Service funds.
- g) Budgets for General, County Road, Road Machinery, Community Development, Sewer District and Debt Service funds are legally adopted annually on a basis consistent with generally accepted accounting principles. The Capital Projects Fund is budgeted on a project basis. Annual budgets are not adopted for the Proprietary and Special Purpose funds.
- h) The County Legislature has legal responsibility for all budget amendments and transfers between functions of expenditure. The County Executive has authority for the transfer of appropriations within functions of expenditure.
- i) Appropriations in General, County Road, Road Machinery, Community Development, Sewer District and Debt Service funds lapse at the end of the fiscal year, except that outstanding encumbrances are re-appropriated in the succeeding year, pursuant to the Uniform System of Accounts promulgated by the Office of the State Comptroller.

Budgeted amounts are as originally adopted, or as amended by the County Legislature.

B. Property Tax Limitation

The County is permitted by the State Constitution to levy for purposes other than debt service up to 1½% of the five-year average full valuation of taxable real estate located within the County. In accordance with this provision, the maximum amount of the tax levy for 2018 was \$544,944,134, which exceeded the actual levy by \$422,589,134.

On June 24, 2011, the Governor signed Chapter 97 of the Laws of 2011 ("Tax Levy Limitation Law"). This applies to all local governments.

The Tax Levy Limitation Law restricts the amount of real property taxes that may be levied by a County in a particular year. The original legislation that established the Tax Levy Limitation Law was set to expire on June 16, 2016. Chapter 20 of the Laws of 2015 extends the Tax Levy Limitation Law through June 2020.

The following is a brief summary of certain relevant provisions of the Tax Levy Limitation Law. The summary is not complete, and the full text of the Tax Levy Limitation Law should be read in order to understand the details and implementations thereof.

**COUNTY OF ROCKLAND, NEW YORK
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

The Tax Levy Limitation Law imposes a limitation on increases in the real property tax levy, subject to certain exceptions. The Tax Levy Limitation Law permits the County to increase its overall real property tax levy over the tax levy of the prior year by no more than the “Allowable Levy Growth Factor,” which is the lesser of one and two-one hundredths or the sum of one plus the Inflation Factor; provided, however that in no case shall the levy growth factor be less than one. The “Inflation Factor” is the quotient of: (i) the average of the 20 National Consumer Price Indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the coming fiscal year minus the average of the National Consumer Price Indexes determined by the United States Department of Labor for the twelve-month period ending six months prior to the start of the prior fiscal year, divided by (ii) the average of the National Consumer Price Indexes determined by the United States with the result expressed as a decimal to four places. The County is required to calculate its tax levy limit for the upcoming year in accordance with the provision above and provide all relevant information to the New York State Comptroller prior to adopting its budget. The Tax Levy Limitation Law sets forth certain exclusions to the real property tax levy limitation of the County, including exclusions for certain portions of the expenditures for retirement system contributions and tort judgments payable by the County. The County Legislature may adopt a budget that exceeds the tax levy limit for the coming fiscal year, only if the County Legislature first enacts, by a vote of at least sixty percent of the total voting power of the County Legislature, a local law to override such limit for such coming fiscal year.

C. Fund Deficits

RTASC, RSTASC, Workers’ Compensation Fund and the General Services Fund also reflect unassigned or unrestricted deficits of \$82,580,182, \$809,558, \$23,971,837 and \$46,742,927, respectively at December 31, 2018. These deficits will be addressed in the subsequent year.

NOTE 4 – DETAILED NOTES ON ALL FUNDS

A. Investments and Fair Value Measurements

County:

In accordance with GASB 72, the County categorizes its fair value measurements within the fair value hierarchy established by U.S. GAAP. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The County had no investments or other assets or liabilities measured at fair value as of December 31, 2018.

Rockland County Community College:

Permissible investments of the College include obligations of the U.S Treasury, U.S. agencies, repurchase agreements and obligations of New York State or its political subdivisions, and accordingly, the College's policy provides for no credit risk on investments.

Investments of the College at December 31, 2018 consisted of short-term investments totaling \$4,455,469 which are stated at cost.

Rockland County Soil and Water Conservation District:

Investments of the District at December 31, 2018 consisted of certificates of deposit amounting to \$52,480 with original maturities of greater than three months and are stated at cost, which approximates fair value. The certificates of deposit are valued at cost and are not subject to the fair value hierarchy.

Rockland County Solid Waste Management Authority:

Restricted investments of the Authority consisted of the following at December 31, 2018:

	<u>Investment</u>	<u>Maturity</u>	<u>(In Years)</u>
U.S. Treasury Bond State and Local Government Series, at fair value	6 to 10	\$	841,020
Investment contract, at cost	6 to 10		<u>555,651</u>
Total restricted investments		\$	<u>1,396,671</u>

The Authority's investments are fully collateralized with securities guaranteed by the U.S. Government.

The Authority's investment in the U.S Treasury Bond State and Local Government Series is recorded at fair value as determined by the bond trustee, and cost approximates fair value. Such investment was categorized as Level 2 in the fair value hierarchy. The investment contract is recorded at cost.

B. Taxes Receivable

Taxes receivable at December 31, 2018 consisted of the following:

Tax liens	\$40,641,235
Tax installments	8,066,981
Returned school district taxes	25,994,037
Returned village taxes	<u>3,332,555</u>
	78,034,808
Less: allowance for uncollectible taxes	<u>(3,800,000)</u>
Taxes receivable, net	<u><u>\$74,234,808</u></u>

School district and village taxes are offset by liabilities to the school districts and villages which will be paid no later than April of the following year. Taxes receivable, at the fund level, are also partially offset by deferred inflows of resources of \$15,857,620, which represent an estimate of the receivable which will not be collected within the first sixty days of the subsequent year. School district and village taxes receivable in the amount of \$8,161,617 is also classified as nonspendable fund balance in the fund financial statements, which represent an estimate of taxes receivable that will not be collected within the subsequent year.

C. Due From/To Other Funds

The balances reflected as due from/to other funds at December 31, 2018 were as follows:

Fund	Due From	Due To
General	\$ -	\$ 1,901,357
Capital Projects	- -	9,326,100
Non-Major Governmental	7,607,004	405,938
County Health Facilities Corporation	36,180	-
Internal Service	<u>4,135,726</u>	<u>145,515</u>
	<u><u>\$ 11,778,910</u></u>	<u><u>\$ 11,778,910</u></u>

The outstanding balances between funds results mainly from the time lag between the dates that 1) interfund goods and services are provided or reimbursable expenditures occurred, 2) transactions are recorded in the accounting system and 3) payments between funds are made.

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

New York State Loan Payable - Retirement

The State Legislature enacted Chapter 57 of the Laws of 2010. This chapter authorized local governments, at their option, to amortize a portion of their respective ERS contributions beginning in 2010. The maximum amortization amount each year going forward will be determined by the difference between each employer's effective contribution rate as compared to the System's overall graded rate. The amortized amounts are to be paid in equal installments over a ten-year period, although amounts may be prepaid at any time. Interest will be charged at annual rates which approximate a market rate of return on taxable fixed rate securities of a comparable duration and will be adjusted annually. The County elected to amortize the maximum amount allowable, which aggregated \$55,000,995. The balance due at December 31, 2018 was \$28,245,410.

Due to NYS Power Authority

The County entered into a Customer Installation Commitment Agreement with the New York State Power Authority for the County Office Building Utility Plant Upgrade and Renovation. The loan is for ten years, to be paid in monthly installments, including interest at the rate of 1.43%. The balance due at December 31, 2018 was \$558,888.

HUD Section 108 Loans Payable

Under HUD's Loan Guarantee ("Section 108") program, recipients of the CDBG Entitlement Grant program funds may pledge future grant funds as collateral for loans guaranteed by HUD (these loans were provided from private lenders since July 1, 1986). Section 108 provides entitlement communities with a source of financing for projects that are too large to be financed from annual grants. The balance due at December 31, 2018 by the County under the Section 108 program was \$3,906,000.

Payments to Maturity – Governmental Activities

Bonds Payable – Business-Type Activities

RTASC issued Series 2001 turbo term bonds on December 20, 2001 to finance the purchase of the tobacco rights from the County and the related costs of issuance. The turbo term bonds were issued for \$46,767,234, net of original discount of \$982,766 and bear interest at rates ranging from 4.625% to 5.75%, depending on maturity. Annual principal payments on Tobacco Settlement Bonds are dependent upon tobacco settlement revenue received, therefore, the current portion considered payable as of December 31, 2018 is not determinable. The stated maturity date for the bonds is June 1, 2043; the bonds must be paid in full by this date in order to avoid an event of default.

During 2005, RTASC issued \$24,484,850 of Tobacco Settlement Asset-Backed Subordinate Turbo Capital Appreciation Bonds, Series 2005 A, B and C (collectively “Series 2005”), net of original discount of \$507,590, the proceeds of which were used to pay certain costs of issuance related to the Series 2005 bonds and provide the County, the owner of the beneficial interest in the Residual Trust which holds the Residual Certificate, with the balance of the funds. The Series 2005 bonds are subordinate to both the Series 2001 Bonds, as well as the remaining balance totaling \$3,605,000 of the Tobacco Settlement Asset-Backed Bonds, Series 2003 (“Series 2003”) issued by RSTASC. No payments will be made on Series 2005 bonds until such time that the Series 2001 and Series 2003 bonds have been paid in full.

Interest on Subordinate Turbo CABs is compounded semiannually on June 1 and December 1 but is not payable until bond maturity. Interest accretes until both principal and accrued interest are paid. Future interest accretion has been recorded as a bond discount and amortized as the current interest accretes. The accrued interest on the Subordinate Turbo CABs is reflected within the Subordinate Turbo CABs payable liability.

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

Redemption of the Subordinate Turbo CABs, as outlined in the official statement, is scheduled to be paid through 2060, while early payment is allowed. During the year ended December 31, 2018, RTASC did not make any redemption payments. Any debt service amounts not paid in accordance with the Turbo Redemption Payments schedule will be due and payable on the maturity dates below:

- Series 2005A August 15, 2045
- Series 2005B August 15, 2050
- Series 2005C August 15, 2060

RSTASC issued turbo term bonds on December 18, 2003 to finance the purchase of the tobacco rights from RTASC and the related costs of issuance. The turbo term bonds were issued for \$9,275,102, net of original issue discount of \$439,898 and bear interest at rates ranging from 5.027% to 6.27%, depending on maturity. Annual principal payments on Tobacco Settlement Bonds are dependent on tobacco settlement revenue received, therefore, the current portion considered payable as of December 31, 2018 is not determinable. The stated maturity date for the bonds is June 1, 2043; the bonds must be paid in full by this date in order to avoid an event of default.

The following table summarizes changes in the bonds payable – business-type activities for the year ended December 31, 2018:

Description	Maturity Date	Interest Rates	Balance January 1, 2018	Additions	Deletions	Balance December 31, 2018

Interest expenditures/expense of \$15,493,563, \$193,938 and \$156,208, were recorded in the fund financial statements in the Debt Service Fund, Community Development Fund and Internal Service Fund, respectively. Interest expense of \$15,426,058 was recorded in the government-wide financial statements for governmental activities. Interest expense of \$5,700,411 and \$182,068 was recorded in the fund financial and government-wide financial statements for the business-type activities for RTASC and RSTASC, respectively.

The above general obligation bonds are direct obligations of the County for which its full faith and credit are pledged and are payable from taxes levied on all taxable real property within the County, except for the 2001, 2003 and 2006 RTASC and the RSTASC bonds. These bonds are the obligations of the RTASC and RSTASC and will be repaid from future tobacco revenues.

Compensated Absences

Under the terms of existing collective bargaining agreements, certain employees of the primary government may accumulate sick leave. Upon separation of service, employees, depending on the criteria defined in the contract, are compensated for accumulated leave in excess of 165 days. The primary government is also obligated to pay employees accrued vacation pay up to a maximum of 50 days, depending upon the contract.

The College, effective September 1, 2005, modified the sick leave buyout plan for the administrative class of employees. The plan provides that, at the termination of their employment, those employees hired before August 31, 2005 may receive payment of twenty-five percent of up to 200 days of their accumulated sick leave and for those hired after August 31, 2005 may receive twenty percent of up to 200 days. All administrators may receive up to 50 days of accumulated paid vacation at termination. Exempt employees may receive payment of twenty-five percent of up to 200 days of their accumulated sick leave and may receive up to 50 days of accumulated paid vacation at termination. Faculty upon retirement may receive twenty percent of up to 200 days of their accumulated sick leave. CSEA employees upon retirement may receive up to 50 days of accumulated vacation plus holiday accruals. Compensation time accrued within 18 months is paid in full. Sick time is based on years of service. Up to 30 years of service the employee receives fifty percent of sick days over 165 up to a maximum of 180 days. Over 30 years the maximum rises to 200 days. Employees are paid at their current hourly rate. At August 31, 2018, the expense related to vested vacation pay for employees was accrued based upon pay rates currently in effect. Accrued vacation pay aggregated \$3,582,080.

Unused vacation time of the Authority's employees may be carried forward to subsequent years. Unused personal time is added to sick leave, which may be taken at any time. The Authority has accrued a liability for accumulated vacation and sick leave at December 31, 2018 which is included in accrued liabilities of the Authority.

The employees of the Agency may accumulate vacation leave. Upon separation of service, these employees are compensated up to a maximum of 50 days. The liability for the Agency was deemed immaterial.

The District does not incur eligible salaries and, therefore, does not have a liability for compensated absences.

Claims Payable

The Internal Service funds reflect workers' compensation benefit liabilities, general liability claims liabilities and unemployment benefit liabilities, which are based upon estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported, but not settled, and of claims that have been incurred but not reported ("IBNRs"). The length of time for which such costs must be estimated varies depending on the coverage involved. Because actual claim costs depend on such complex factors as inflation, changes in doctrines of legal liability and damage awards, the process used in computing claim liabilities does not necessarily result in an exact amount. Claim liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflects past inflation and other factors that are considered to be appropriate modifiers of past experience.

Pension Plans

New York State and Local Retirement System (“ERS”)

The County and, certain of its component units, participates in the ERS. This is a cost-sharing, multiple-employer defined benefit pension plan. ERS provides retirement benefits as well as death and disability benefits. The net position of the ERS is held in the New York State Common Retirement Fund (“Fund”), which was established to hold all net assets and record changes in plan net position. The Comptroller of the State of New York serves as the trustee of the Fund and is the administrative head of the ERS. The Comptroller is an elected official determined in a direct statewide election and serves a four-year term. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law (“NYSRSSL”). Once a public employer elects to participate in the ERS, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The County also participates in the Public Employees’ Group Life Insurance Plan, which provides death benefits in the form of life insurance. ERS is included in the State’s financial report as a pension trust fund. That report, including information with regard to benefits provided may be found at www.osc.state.ny.us/retire/publications/index.php or obtained by writing to the New York State and Local Retirement System, 110 State Street, Albany, NY 12244.

The ERS is noncontributory except for employees who joined after July 27, 1976, who contribute 3% of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010, who generally contribute between 3% and 6% depending on salary levels for their entire length of service. Under the authority of the NYSRSSL, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers’ contributions based on salaries paid during the ERS’s fiscal year ending March 31.

The net pension liability was measured as of March 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County and its component units' proportion of the net pension liability was based on a computation of the actuarially determined indexed present value of future compensation by employer relative to the total of all participating members.

ERS Actuarial Assumptions

The total pension liability for the March 31, 2018 measurement date was determined by using an actuarial valuation as of April 1, 2017, with update procedures used to roll forward the total pension liabilities to March 31, 2018. Significant actuarial assumptions used in the April 1, 2017 valuation were as follows:

Inflation	2.5%
Salary scale	3.8% indexed by service
Investment rate of return	7.0% compounded annually, net of investment expenses
Cost of living adjustments	1.3% annually

Annuitant mortality rates are based on the April 1, 2010 – March 31, 2015 ERS's experience with adjustments for mortality improvements based on Society of Actuaries Scale MP-2014.

The actuarial assumptions used in the April 1, 2017 valuation are based on the results of an actuarial experience study for the period April 1, 2010 – March 31, 2015.

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class are summarized below:

Asset Class	Long-Term Expected Real Rate of Return
Domestic equity	4.55 %
International equity	6.35
Private equity	7.50
Real estate	5.55
Absolute return strategies	3.75
Opportunistic portfolio	5.68
Real assets	5.29
Bonds and mortgages	1.31
Cash	(0.25)
Inflation-indexed bonds	1.25

The real rate of return is net of the long-term inflation assumption of 2.50%.

The discount rate used to calculate the total pension liability was 7%. The projection of cash flows used to determine the discount rate assumes that contributions from plan members will be made at the current contribution rates and that contributions from employers will be made at the statutorily required rates, actuarially determined. Based upon those assumptions, the ERS's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the County and its component units' proportionate share of the net pension liability calculated using the discount rate of 7%, as well as what the County and its component units' proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6%) or 1 percentage point higher (8%) than the current rate.

	1% Decrease (6%)	Current Assumption (7%)	1% Increase (8%)
Governmental activities' proportionate share of the net pension liability (asset)	<u>\$ 123,442,389</u>	<u>\$ 16,314,841</u>	<u>\$ (74,310,806)</u>
College's proportionate share of the net pension liability (asset)	<u>\$ 7,209,287</u>	<u>\$ 952,819</u>	<u>\$ (4,339,903)</u>

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

The components of the collective net pension liability of ERS as of the March 31, 2018 measurement date were as follows (amounts are in thousands):

Total pension liability	\$ 183,400,590
Fiduciary net position	<u>(180,173,145)</u>
Employers' net pension liability	<u><u>\$ 3,227,445</u></u>
ERS fiduciary net position as a percentage of total pension liability	<u><u>98.24%</u></u>

Employer contributions to ERS are paid annually and cover the period through the end of the ERS's fiscal year, which is March 31. Retirement contributions as of December 31, 2018 represent the employer contribution for the period from April 1, 2018 through December 31, 2018 based on prior year ERS wages multiplied by the employers' contribution rate, by tier. Retirement contributions to ERS for the nine months ended December 31, 2018 were \$20,835,739 for governmental activities.

Pension Plans – Component Units

Teachers' Retirement System

The College (component unit) participates in the New York State Teachers' Retirement System ("TRS"). This is a cost-sharing, multiple-employer defined benefit pension plan. TRS provides retirement benefits as well as death and disability benefits. The TRS is governed by a ten-member Board of Trustees, which sets policy and oversees operations consistent with its fiduciary obligations under applicable law. Obligations of employers and employees to contribute and benefits to employees are governed by the Education Law of the State of New York. Once a public employer elects to participate in the TRS, the election is irrevocable. The New York State Constitution provides that pension membership is a contractual relationship and plan benefits cannot be diminished or impaired. Benefits can be changed for future members only by enactment of a State statute. The TRS issues a stand-alone financial report which may be found at www.nystrs.org or obtained by writing to the New York State Teachers' Retirement System, 10 Corporate Woods Drive, Albany, NY 12111-2395.

The TRS is noncontributory, except for employees who joined after July 27, 1976 who contribute 3% of their salary for the first ten years of membership, and employees who joined on or after January 1, 2010, who generally contribute between 3% and 6% depending on salary levels for their entire length of service. Pursuant to Article 11 of the Education Law of the State of New York, actuarially determined employer contributions are established annually for the TRS by its Board of Trustees. The employer contribution rate for the plan's year ended in 2018 was 9.80%

At August 31, 2018, the College reported an asset of \$761,806 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2018, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on a projection of the College's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined.

At August 31, 2018, the College's proportion was 0.042129%, which was an increase from its proportion of 0.041707 at August 31, 2017.

For the year ended August 31, 2018, the College recognized pension expense of \$428,215.

The actuarial assumptions were based on the results of an actuarial experience study for the period July 1, 2009 to June 30, 2014.

The long-term expected rate of return on pension plan investments was determined in accordance with Actuarial Standard of Practice ("ASOP") No. 27, *Selection of Economic Assumptions for Measuring Pension Obligations*. ASOP No. 27 provides guidance on the selection of an appropriate assumed investment rate of return. Consideration was given to expected future real rates of return (expected returns, net of pension plan investment expense and inflation) for each major asset class as well as historical investment data and plan performance.

Best estimates of arithmetic real rates of return for each major asset class included in TRS's target asset allocation as of the June 30, 2018 valuation date is summarized below.

Teachers' Insurance and Annuity Association College Retirement Equities Fund

The College participates in the Teachers' Insurance and Annuity Association College Retirement Equities Fund ("TIAA-CREF"). TIAA-CREF is a cost sharing multiple-employer defined contribution pension plan. TIAA-CREF provides retirement, disability and death benefits to plan members. Obligations of employers and employees to contribute and benefits to employees are governed by the New York State Retirement and Social Security Law. TIAA-CREF issues publicly available financial reports that include financial statements and required supplementary information. These reports may be obtained by writing the Teacher's Insurance and Annuity Association - College Retirement Equities Fund, 730 Third Avenue, New York, New York 10017.

TIAA-CREF is a privately operated defined contribution retirement plan which provides benefits to certain employees of the College. Under the plan, the College is required to make contributions based on gross salaries of the participant.

Soil and Water Conservation District

The Soil and Water Conservation District has no full-time employees and, therefore, does not contribute to a retirement plan.

Industrial Development Agency

The Industrial Development Agency reported pension expense of \$16,207.

Other Postemployment Benefit Obligations Payable

In addition to providing pension benefits, the primary government and its College component unit provide certain health care benefits for retired employees through a single-employer defined benefit plan. The various collective bargaining agreements stipulate the employees covered and the percentage of contribution. Contributions by the primary government and its College component unit may vary according to length of service. Substantially all employees may become eligible for those benefits if they reach normal retirement age while working for these entities. The cost of retiree health care benefits is recognized as an expenditure/expense as claims are paid.

The County of Rockland plan eligibility for post-employment healthcare plan is age 55 with five years of service. Upon reaching the age of 55, the employee is treated as a retiree. Retiree benefits continue for the life of the retiree. Spousal benefits continue until the death of the retiree, at which point only access to coverage is available. Surviving spouses are permitted to continue coverage under the plan after death of the retiree with a contribution of 100% of the premium, less the Medicare Part B reimbursement if the surviving spouse is Medicare eligible.

In accordance with GASB 75, the County has recognized its net OPEB liability measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB liability), less the amount of the OPEB plan's fiduciary net position.

Actuarial valuations for OPEB plans involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Calculations are based on the OPEB benefits provided under the terms of the substantive plan in effect at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. The actuarial calculations of the OPEB plan reflect a long-term perspective.

GASB 75 requires that the actuarial present value of projected benefit payments be attributed to periods of employee service using the entry age actuarial cost method with each period's service cost determined as a level percentage of pay. The actuarial present value is required to be attributed for each employee individually, from the first period in which the employee provides service under the benefit terms, through the period in which the employee exits active service.

The County is required to accrue in the government-wide financial statements the amounts necessary to finance the plan as actuarially determined, which is equal to the balance not paid by plan members. Funding for the plan has been established on a pay-as-you-go basis.

The assumed rate of increase in postretirement benefits is presented below:

Assumed pre-65 medical trend rates at December 31:

Health care cost trend rates assumed for next fiscal year	7.000%
Rate to which the cost trend rate is assumed to decline (the ultimate trend rate)	3.784%
Fiscal year that the rate reaches the ultimate trend rate	2075

Assumed post-65 medical trend rates at December 31:

Health care cost trend rates assumed for next fiscal year	5.000%
Rate to which the cost trend rate is assumed to decline (the ultimate trend rate)	3.784%
Fiscal year that the rate reaches the ultimate trend rate	2075

Assumed prescription drug trend rates at December 31:

Health care cost trend rates assumed for next fiscal year	9.500%
Rate to which the cost trend rate is assumed to decline (the ultimate trend rate)	3.784%
Fiscal year that the rate reaches the ultimate trend rate	2075

Assumed Medicare Part B trend rates at December 31:

Health care cost trend rates assumed for next fiscal year	4.600%
Rate to which the cost trend rate is assumed to decline (the ultimate trend rate)	3.784%
Fiscal year that the rate reaches the ultimate trend rate	2075

The actuarial methods and assumptions used for the December 31, 2018 measurement date were as follows:

Valuation date	January 1, 2017
Rate of compensation increase	2.00%
Actuarial cost method	Entry Age Normal
Amortization method	Level Percent of Pay
Discount rate:	
As of January 1, 2018	3.31%
As of December 31, 2018	3.71%

The actuarial cost method was changed to the Entry Age Normal Level Percent of Pay method as required by GASB 75. In prior years, the Projected Unit Credit cost method was used. The revised cost method resulted in an increase in total OPEB liability and a decrease in service cost.

The discount rate was based on the Fidelity General Obligation 20-Year AA Municipal Bond index. Previously, the discount rate had been based on the expected rate of return on the County's general assets.

Mortality was based on the sex-distinct RP-2014 Mortality Tables for employees and healthy annuitants, adjusted backward to 2006 with scale MP-2014, and then adjusted for mortality improvements with scale MP-2017 mortality improvement scale on a fully generational basis. This assumption was based on a review of published mortality tables and the demographics of the plan.

Rockland Community College

The College provides certain health care benefits for retired employees through a single employer defined benefit plan. The various collective bargaining agreements stipulate the employees covered and the percentage of contribution. Contributions by the College may vary according to length of service. The cost of providing postemployment health care benefits is shared between the College and the retired employee. Substantially all of the College's employees may become eligible for those benefits if they reach normal retirement age while working for the College. The College's plan is considered a single employer defined benefit plan for financial reporting purposes. The plan is not a separate entity or trust and does not issue stand-alone financial statements.

The benefit terms are dependent on which bargaining unit or employment contract each employee falls under. The specifics of each contract are on file at the College offices and are available upon request.

At August 31, 2018, the following employees were covered by the benefit terms:

Active employees	385
Inactive employees or beneficiaries currently

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

The total OPEB liability in the January 1, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25%
Payroll growth	2.00%
Discount rate	3.31%
Healthcare cost trend	7.0% for 2019, decreasing to an ultimate rate of 3.886% in 2075.

The discount rate was based on the Fidelity General Obligation 20-Year AA Municipal Bond Index.

Mortality was based on the sex-distinct RP-2014 Mortality Tables for employees and healthy annuitants, adjusted backward to 2006 with scale MP-2014, and then adjusted for mortality improvements with scale MP-2017 mortality improvement scale on a fully generational basis. This assumption was based on a review of published mortality tables and the demographics of the plan.

The following presents the College's total OPEB liability calculated using the discount rate of 3.31%, as well as what the College's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.31%) or one percentage point higher (4.31%) than the current discount rate as well as the effect of a 1% change in the healthcare cost trend rate:

	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
Discount rate	\$ 164,072,466	\$ 140,529,875	\$ 121,648,743
Healthcare cost trend rate	116,110,586	140,529,875	173,287,536

For the year ended August 31, 2018, the College recognized OPEB expense of \$6,657,086. At August 31, 2018, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 7,929,188	\$ -

Other Postemployment Benefit Obligations - Solid Waste Authority

In addition to providing pension benefits, the Authority provides certain health care benefits for retired employees through a single employer defined benefit plan. The employee handbook stipulates the employees covered and the percentage of contribution. The cost of providing postemployment health care benefits is shared between the Authority and the retired employee. Substantially all of the Authority's employees may become eligible for those benefits if they have a minimum of five years of service and reach normal retirement age while working for the Authority.

A summary of active employees and retired employees covered under this benefit plan as of December 31, 2018 is as follows:

Active employees	33
Retirees	<u>1</u>
	 <u>34</u>

The contribution requirements of benefit plan members and the Authority are established pursuant to applicable collective bargaining and employment agreements. The required rates of the employer and the members may vary depending on the applicable agreement. The Authority is not required to fund the benefit plan other than the pay-as-you-go amount necessary to provide current benefits to retirees. For the year ended December 31, 2018, the Authority paid \$26,954 on behalf of the plan members, respectively. The benefit plan does not issue a stand-alone financial report since there are no assets legally segregated for the sole purpose of paying benefits under the benefit plan.

The total OPEB liability as of December 31, 2018 was determined using the following actuarial assumptions:

Valuation date	January 1, 2018
Actuarial cost method	Entry Age Normal - Level Percent of Pay
Discount rate	3.80%
Salary increases	3.00%
Mortality	MP-2015 applied on a generational basis.
Healthcare cost trend	Society of Actuaries Long Run Medical Cost Trend Model

The discount rate used to measure the liability was 3.80%, based on the Bond Buyer 20-year general obligation bond index.

Interest	251,791
Changes in assumptions	(26,954)
Benefit payments	-
Net OPEB liability, end of year	<u>\$ 7,088,643</u>

The following presents the Authority total OPEB liability calculated using the discount rate of 3.80%, as well as what the College's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.80%) or one percentage point higher (4.80%) than the current discount rate as well as the effect of a 1% change in the healthcare cost trend rate:

	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>

I. Revenues and Expenditures

Interfund Transfers

Interfund transfers are defined as the flow of assets, such as cash or goods and services, without the equivalent flow of assets in return. The interfund transfers reflected below have been reflected as transfers in within the statement of revenues, expenditures and changes in fund balance for the year ended December 31, 2018:

Transfers In	Transfers Out			
	General Fund	Capital Projects Fund	Non-Major Governmental Funds	Total
Governmental Activities				
General Fund	\$ -	\$ 1,062,017	\$ 2,370,000	\$ 3,432,017
Non-Major Governmental Funds	<u>58,333,360</u>	<u>3,805,155</u>	<u>12,520,508</u>	<u>74,659,023</u>
	<u>\$ 58,333,360</u>	<u>\$ 4,867,172</u>	<u>\$ 14,890,508</u>	<u>\$ 78,091,040</u>

Transfers are used to 1) move funds from the General Fund finance various capital projects and programs accounted for in other fund and the Enterprise Fund, 2) to move amounts earmarked in the operating funds to fulfill commitments for Debt Service fund expenditures and 3) to move in excess funds from the various funds to the General Fund.

J. Net Position

The components of net position are detailed below:

Net Investment in Capital Assets - the component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unexpended proceeds, that is directly attributable to the acquisition, construction or improvement of those assets.

Restricted for Capital Projects - the component of net position that reports the amounts restricted for capital projects, exclusive of unexpended bond proceeds and unrestricted interest earnings.

Restricted for Law Enforcement - the component of net position that represents the unexpended balance of the forfeiture of seized crime properties to be used pursuant to a State directive in the subsequent fiscal year for law enforcement purposes.

Restricted for Section 8 Housing - the component of net position that reports the difference between assets and liabilities of the Section 8 Housing department which is used to account for resources received and used for housing assistance payments.

Restricted for Debt Service - the component of net position that reports the difference between assets and liabilities of the Debt Service Fund with constraints placed on their use by Local Finance Law.

Restricted for Student Loans - the component of net position that has been established to set aside funds to provide loans to students, pursuant to grant agreements.

NOTE 4 – DETAILED NOTES ON ALL FUNDS (Continued)

Prepaid Expenditures has been established to account for employee retirement and other payments made in advance. The reserve indicates that these funds are not "available" for appropriation or expenditure even though they are a component of current assets.

Long-Term Receivable represent funds set aside to indicate the long-term nature of taxes receivable collected for other governments. These funds are not "available" for appropriation or expenditure even though they are a component of fund balance.

Assigned - This assignment of fund balance represents surplus monies received for transportation and sewer projects, which are to be used to fund transportation and sewer capital project costs.

Transportation Projects – This assignment of fund balance represents surplus monies received for transportation projects, which are to be used to fund transportation capital project costs.

Treatment Plant and Development - This commitment, established by the County Legislature, represents collected assessment fees to be used for future expansion and/or upgrade of the Treatment Plant and Collection System.

Purchases on order are assigned and represent the County's intention to honor contracts in process at year-end. The subsequent year's appropriations will be amended to provide authority to complete the transactions.

Subsequent Year's Expenditures - Sewer District and Debt Service Funds. At December 31, 2018, the County Legislature has utilized \$2,604,795 of the fund balance of the Sewer District Fund and \$6,076,300 of the fund balance of the Debt Service Fund to be appropriated for the ensuing year's budget.

Unassigned

Purchases on order and amounts designated for subsequent years budget in the General Fund are reflected within unassigned fund balance to indicate that the County cannot assign fund balance when an unassigned deficit exists.

NOTE 5 – COMMITMENTS AND CONTINGENCIES

A. Litigation

The County is a party to lawsuits involving claims of personal injury, wrongful death, negligence, property disputes, breach of contract and civil rights violations. The County is self-insured for general liability claims to the extent disclosed below. The County Attorney has indicated that he is not aware of any such action which would have a significant adverse impact on the County's financial condition.

The County receives numerous notices of claims for damages occurring generally from alleged negligence and civil rights violations. The filing of such notice of claim commences a statutory period for initiating judicial action. The County Attorney has indicated that he is not aware of any such action which would have a significant adverse impact on the County's financial condition.

The County is defendant in numerous pending tax certiorari proceedings, the results of which cannot be determined at this time. Any future refunds resulting from adverse settlements will be funded in the year payments are made.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018**

NOTE 5 – COMMITMENTS AND CONTINGENCIES (Continued)

B. Risk Management

Liability Claims

The County is currently self-insured for general liability, property damage and medical malpractice claims. In addition, the County maintains a commercial insurance policy, with coverage up \$40 million. The County claims administrator has reviewed the status of all incurred and incurred but not reported cases and believes that the amounts accrued within the Internal Service Funds are sufficient. Conventional insurance is not purchased for catastrophic losses.

Workers' Compensation

The County, as the predominant entity, and certain towns and villages within the County are participants in a County-wide workers' compensation program. Premiums are assessed on each participant based upon a formula involving payroll and the actual historical claims experience of such participant. Costs relating to the litigation of claims are charged to expenses as incurred. The County has secured conventional insurance coverage for individual losses in excess of \$1,000,000. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Unemployment Benefits

The County is self-insured for claims arising from unemployment benefit cases.

Component Units

Rockland County Community College

The College is one of six participants in the Rockland County Workers' Compensation Self Insurance Plan, a risk sharing pool, administered by the County, to insure workers' compensation claims. This is a public entity risk pool created under Article 5, Workers' Compensation Law, to finance liability and risks related to workers' compensation claims. The College is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets and natural disasters. These risks are covered by a County-wide self-insurance program supplemented by commercial insurance purchased by the County that extends coverage to the College. The self-insured retention under these policies is \$1,150,000.

Soil and Water Conservation District

The County provides insurance for the district's general liability and auto liability policies.

Solid Waste Management Authority

The Authority purchases various conventional insurance coverages to reduce its exposure to loss. The Authority maintains general liability insurance coverage with a policy limit of \$3 million. The auto policy provides coverage up to \$1 million and the pollution liability policy provides coverage up to \$10 million. The Authority also maintains an umbrella policy with coverage up to \$10 million. The Authority purchases conventional workers' compensation insurance with coverage at statutory limits. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Authority also purchases conventional health insurance.

NOTE 5 – COMMITMENTS AND CONTINGENCIES (Continued)

C. Contingencies

The County and the College participate in various Federal grant programs. These programs are subject to program compliance audits pursuant to the Single Audit Act. This audit is currently in process and the report will be issued under separate cover. Accordingly, the County and the College's compliance with applicable grant requirements will be established at a future date. The amount of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the entities anticipate such amounts, if any, to be immaterial.

In July 2014, the County selected a potential purchaser (the "purchaser") to purchase Summit Park Nursing Care Center. The County and the purchaser were unable to complete the sale. In December 2015, a claim was filed against the County by the purchaser that claimed breach of contract by the County. The claim from the purchaser is requesting that the escrow provided for the sale by the purchaser be returned as well as additional monetary fees for damages caused by the County. The County has not recorded a liability for this contingency.

D. Cash and Investment Restrictions

Upon issuance of the serial bonds, the indentures for the Authority required establishment of a restricted cash balance of \$3,692,240 in 2018, which is maintained with the trustee of the bonds. In addition, at December 31, 2018, the trustee held \$3,889,139 for the purchase and construction of facilities and \$207,702 of other funds to be used for debt service. These amounts, totaling \$7,789,081 for 2018, have been reflected as restricted cash and cash equivalents and investments in the statement of net position.

E. Debt Covenants

At December 31, 2018, the Authority was in compliance with the debt and revenue ratios required under the covenants of the seven bonds outstanding at that date.

NOTE 6 – TAX ABATEMENT AGREEMENTS

The County, through the Agency, to attract and/or maintain companies in the County, has the ability to induce developers with real estate tax, sales tax and/or mortgage tax abatements as part of a payment in lieu of taxes ("PILOT"). The Agency is authorized to enter into PILOT agreements under Real Property Tax Law, Section 412-a and General Municipal Law, Section 874. The total tax abatement for the year ended December 31, 2018 was \$427,949, which contained several amounts that were determined not to be material.

NOTE 7 – SUBSEQUENT EVENTS

In June 2019, the County issued various purpose serial bonds in the amount of \$46,215,000. The bonds mature annually through 2049 with interest rates ranging from 3% to 5%, depending on maturity. In addition, the County issued refunding serial bonds in the amount of \$15,810,000. The refunding bonds mature annually through 2027 with interest rates ranging from 4% to 5%, depending on maturity.

Also, on April 5, 2019, the County issued tax anticipation notes in the amount of \$55,000,000. The tax anticipation note matures on April 2, 2020 and bears interest of 3%.

ENTERPRISE

FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private enterprises or where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is necessary for management accountability. Enterprise funds are used to account for those operations that provide services to the public.

- **Rockland Tobacco Asset Securitization Corporation and the Rockland Second Tobacco Asset Securitization Corp.**- These funds reflect the operations of these not-for-profit local development corporations organized pursuant to Section 1411 of the Not-For-Profit Corporation Law of the State of New York.
- **Rockland County Health Facilities Corporation** - This fund is used to account for the operations of the not-for-profit local development corporation created pursuant to Section 1411 of the Not-For-Profit Corporation Law of the State of New York.

Note: Taxable assessed values are determined by the city and town governments located within the County. The estimated actual taxable values represent the weighted average State equalization rates established for each city and town within the County.

The total direct tax rate is calculated by the County tax levy divided by the total taxable assessed value multiplied by a thousand

Note: Town receivers of taxes collect real property taxes for the town and county on a single tax bill. The respective town receivers distribute the collected tax money to the towns prior to distributing the balance collected to the county. The towns, thereby, are assured of full collections. On April 1st of each year, the town receivers turn over uncollected items to the County. The County satisfies the full amount of the unpaid school and village taxes by April 1st. Responsibility for the unpaid taxes rests with the County.

(1) Excludes relevied schools and village taxes

(2) In 2017, the Town chargebacks have been pulled out of the property tax calculation and are being billed as an ordinary chargeback during the year.
